Office of the Secretary of Transportation

§ 37.185

Subpart H—Over-the-Road Buses (OTRBs)

SOURCE: 63 FR 51690, Sept. 28, 1998, unless otherwise noted.

§ 37.181 Applicability dates.

This subpart applies to all private entities that operate OTRBs. The requirements of the subpart begin to apply to large operators beginning October 30, 2000 and to small operators beginning October 29, 2001.

§ 37.183 Purchase or lease of new OTRBs by operators of fixed-route systems.

The following requirements apply to private entities that are primarily in the business of transporting people, whose operations affect commerce, and that operate a fixed-route system, with respect to OTRBs delivered to them on or after the date on which this subpart applies to them:

(a) Large operators. If a large entity operates a fixed-route system, and purchases or leases a new OTRB for or in contemplation of use in that system, it shall ensure that the vehicle is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs.

(b) Small operators. If a small entity operates a fixed-route system, and purchases or leases a new OTRB for or in contemplation of use in that system, it must do one of the following two things:

(1) Ensure that the vehicle is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs; or

(2) Ensure that equivalent service, as defined in §37.105, is provided to individuals with disabilities, including individuals who use wheelchairs. To meet this equivalent service standard, the service provided by the operator must permit a wheelchair user to travel in his or her own mobility aid.

§ 37.185 Fleet accessibility requirement for OTRB fixed-route systems of large operators.

Each large operator subject to the requirements of §37.183 shall ensure that—

in the passenger compartment of the bus.

(d) Wheelchairs and other mobility aids or assistive devices that cannot be accommodated in the passenger compartment (including electric wheelchairs) shall be accommodated in the baggage compartment of the bus, unless the size of the baggage compartment prevents such accommodation.

(e) At any given stop, individuals with disabilities shall have the opportunity to have their wheelchairs or other mobility aids or assistive devices stowed in the baggage compartment before other baggage or cargo is loaded, but baggage or cargo already on the bus does not have to be off-loaded in order to make room for such devices.

(f) The entity may require up to 48 hours’ advance notice only for providing boarding assistance. If the individual does not provide such notice, the entity shall nonetheless provide the service if it can do so by making a reasonable effort, without delaying the bus service.

§ 37.171 Equivalency requirement for demand responsive service operated by private entities not primarily engaged in the business of transporting people.

A private entity not primarily engaged in the business of transporting people which operates a demand responsive system shall ensure that its system, when viewed in its entirety, provides equivalent service to individuals with disabilities, including individuals who use wheelchairs.

(b) Small operators. If a small entity operates a fixed-route system, and purchases or leases a new OTRB for or in contemplation of use in that system, it must do one of the following two things:

(1) Ensure that the vehicle is readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs; or

(2) Ensure that equivalent service, as defined in §37.105, is provided to individuals with disabilities, including individuals who use wheelchairs. To meet this equivalent service standard, the service provided by the operator must permit a wheelchair user to travel in his or her own mobility aid.

§ 37.173 Training requirements.

Each public or private entity which operates a fixed route or demand responsive system shall ensure that personnel are trained to proficiency, as appropriate to their duties, so that they operate vehicles and equipment safely and properly assist and treat individuals with disabilities who use the service in a respectful and courteous way, with appropriate attention to the difference among individuals with disabilities.
