

(5) Current financial information concerning both the project and the applicant, such as sources and uses of funds for the project and a forecast of cash flows available to service all debt instruments.

(c) An application for a project located in or sponsored by more than one State or other entity shall be submitted to the DOT by just one State or entity. The sponsoring States or entities shall designate a single obligor for purposes of applying for, receiving, and repaying TIFIA credit assistance.

(d) Each fiscal year for which Federal assistance is available under this part, the DOT shall publish a FEDERAL REGISTER notice to solicit applications for credit assistance. Such notice will specify the relevant due dates, the estimated amount of funding available to support TIFIA credit instruments for the current and future fiscal years, contact name(s), and other details for that year's application submissions and funding approvals.

§ 80.9 Federal requirements.

All projects receiving credit assistance under this part shall comply with:

(a) The relevant requirements of title 23, U.S.C., for highway projects, chapter 53 of title 49, U.S.C., for transit projects, and section 5333(a) of title 49 for rail projects, as appropriate;

(b) Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d *et seq.*);

(c) The National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*);

(d) The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601 *et seq.*); and

(e) Other Federal and compliance requirements as may be applicable.

§ 80.11 Investment-grade ratings.

(a) At the time a project sponsor submits an application, the DOT shall require a preliminary rating opinion letter. This letter is a conditional credit assessment from a nationally recognized credit rating agency that provides a preliminary indication of the project's overall creditworthiness and that specifically addresses the potential of the project's senior debt obligations (those obligations having a lien senior to that of the TIFIA credit in-

strument on the pledged security) to achieve an investment-grade rating.

(b) The full funding of a secured (direct) loan, loan guarantee, or line of credit shall be contingent on the assignment of an investment-grade rating by a nationally recognized bond rating agency to all project obligations that have a lien senior to that of the Federal credit instrument on the pledged security.

(c) Neither the preliminary rating opinion letter nor the formal credit rating should reflect the effect of bond insurance, unless that insurance provides credit enhancement that secures the TIFIA obligation.

(d) The project sponsor must annually provide, at no cost to the Federal Government, ongoing credit evaluations of the project and related debt obligations, including an annual assessment of the TIFIA credit instrument. The evaluations are to be performed by a nationally recognized credit rating agency and provided to the DOT throughout the life of the TIFIA credit instrument. In addition, the project sponsor will furnish the DOT with any other credit surveillance reports on the TIFIA-assisted project as soon as they are available.

[64 FR 29750, June 2, 1999, as amended at 65 FR 44939, July 19, 2000]

§ 80.13 Threshold criteria.

(a) To be eligible to receive Federal credit assistance under this part, a project shall meet the following five threshold criteria:

(1) The project shall be consistent with the State transportation plan, if located in a metropolitan area shall be included in that area's metropolitan transportation plan, and shall appear in an approved State transportation improvement program before the DOT and the project sponsor execute a term sheet or credit agreement that results in the obligation of funds;

(2) The State, local servicer, or other entity undertaking the project shall submit a project application to the Secretary of Transportation;

(3) A project shall have eligible project costs that are reasonably anticipated to equal or exceed the lesser of \$100 million or 50 percent of the amount of Federal-aid highway funds
