(a) When a manufacturer of motor vehicles or replacement equipment determines that any motor vehicle or item of replacement equipment produced by the manufacturer contains a defect that relates to motor vehicle safety, or fails to conform to an applicable Federal motor vehicle safety standard, the manufacturer shall provide notification in accordance with paragraph (a) of § 577.7, unless the manufacturer is exempted by the Administrator (pursuant to 49 U.S.C. 30118(d) or 30120(h)) from giving such notification. The notification shall contain the information specified in this section. The information required by paragraphs (b) and (c) of this section shall be presented in the form and order specified. The information required by paragraphs (d) through (h) of this section may be presented in any order. Except as authorized by the Administrator, the manufacturer shall submit a copy of its proposed owner notification letter, including any provisions or attachments related to reimbursement, to NHTSA's Recall Management Division (NVS-215) no fewer than five Federal Government business days before it intends to begin mailing it to owners. The manufacturer shall mark the outside of each envelope in which it sends an owner notification letter with a notation that includes the words "SAFETY," "RECALL," and "NOTICE," all in capital letters and in type that is larger than that used in the address section, and is also distinguishable from the other type in a manner other than size. Except where the format of the envelope has been previously approved by NHTSA's Recall Management Division (NVS-215), each manufacturer must submit the envelope format it intends to use to that division at least five Federal Government business days before mailing the notification to owners. Submission of envelopes and proposed owner notification letters shall be made by any means, including those means identified in 49 CFR 573.9, that

(e) A clear description of the defect or noncompliance, which shall include—

(1) (In the case of motor vehicles or items of replacement equipment, other than tires) within a reasonable time, which is not longer than 60 days in the case of repair after the owner's first tender to obtain repair following the earliest repair date specified in the notification, unless the period is extended by Administrator.

(2) (In the case of tires) after the date specified in the notification on which replacement tires will be available.
