§ 592.7 Suspension, revocation, and reinstatement of suspended registrations.

This section specifies the acts and omissions that may result in suspensions and revocations of registrations issued to Registered Importers by NHTSA, the process for such suspensions and revocations, and the provisions applicable to the reinstatement of suspended registrations.

(a) Automatic suspension of a registration. 49 U.S.C. 30141(c)(4)(B) explicitly authorizes NHTSA to automatically suspend a registration when a Registered Importer does not, in a timely manner, pay a fee required by part 594 of this chapter or knowingly files a false or misleading certification under 49 U.S.C. 30146. NHTSA also may automatically suspend a registration under other circumstances, as specified in paragraphs (b), (c), and (d) of this section.

(1) If the Administrator has not received the annual fee from a Registered Importer by the close of business on October 10 of a year, or, if October 10 falls on a weekend or holiday, by the next business day thereafter, or has not received any other fee owed by a Registered Importer within 15 calendar days from the date of the Administrator’s invoice, the Registered Importer’s registration will be automatically suspended at the beginning of the next business day. The Administrator will promptly notify the Registered Importer in writing of the suspension. Such suspension shall remain in effect until reinstated pursuant to paragraph (c)(1) of this section.

(2) If the Administrator decides that a Registered Importer has knowingly filed a false or misleading certification, the Administrator shall promptly notify the Registered Importer in writing that its registration is automatically suspended. The notification shall inform the Registered Importer of the facts and conduct upon which the decision is based, and the period of suspension (which begins as of the date indicated in the Administrator’s written notification). The notification shall afford the Registered Importer an opportunity to seek reconsideration of the decision by presenting data, views, and arguments in writing and/or in person, within 30 days. Not later than 30 days after the submission of data, views, and arguments, the Administrator, after considering all the information available, shall notify the Registered Importer in writing of his or her decision on reconsideration. Any suspension issued under this paragraph shall remain in effect until reinstated pursuant to paragraph (c)(2) of this section.

(3) If mail is undeliverable to the Registered Importer at the official street address it has provided to the Administrator, or if the telephone has been disconnected at the telephone number specified by the Registered Importer, the Administrator may automatically suspend the Registered Importer’s registration. Such suspension shall remain in effect until the registration is reinstated pursuant to paragraph (c)(3) of this section.

(4) If a Registered Importer, not later than November 1, 2004, does not file
§ 592.7  49 CFR Ch. V (10–1–10 Edition)

with the Administrator all information required by §592.5(a), as required by §592.6(q), the Administrator may automatically suspend the registration. The Administrator shall promptly notify the Registered Importer in writing of the suspension. Such a suspension shall remain in effect until the registration is reinstated pursuant to paragraph (c)(4) of this section.

(5) If a Registered Importer releases one or more motor vehicles on the basis of a forged or falsified bond release letter, and the Administrator has not in fact issued such a letter, the Administrator may automatically suspend the registration. The Administrator shall promptly notify the Registered Importer in writing of the suspension.

(6) The Administrator, in his or her sole discretion, may provide notice of a proposed automatic suspension or revocation for reasons specified in paragraphs (a)(1) through (a)(5) of this section.

(7) The notification shall afford the Registered Importer an opportunity to seek reconsideration of the decision by presenting data, views, and arguments in writing and/or in person, within 30 days of such notification, before a decision, as provided in paragraph (b)(2) of this section. Not later than 30 days after the submission of data, views, and arguments, the Administrator, after considering all the information available, shall notify the Registered Importer in writing of his or her decision on reconsideration. Any automatic suspension issued under this paragraph shall remain in effect until reinstated pursuant to paragraph (c)(2) of this section.

(b) Non-automatic suspension or revocation of a registration. (1) 49 U.S.C. 30141(c)(4)(A) authorizes NHTSA to revoke or suspend a registration if a Registered Importer does not comply with a requirement of 49 U.S.C. 30141–30147, or any of 30112, 30115, 30117–30122, 30125(c), 30127, or 30166, or any regulations issued under these sections. These regulations include, but are not limited to, parts 567, 568, 573, 577, 591, 593, and 594 of this chapter.

(2) When the Administrator has reason to believe that a Registered Importer has violated one or more of the statutes or regulations cited in paragraph (b)(1) of this section and that suspension or revocation would be an appropriate sanction under the circumstances, he shall notify the Registered Importer in writing of the facts giving rise to the allegation of a violation and the proposed length of a suspension, if applicable, or revocation. The notice shall afford the Registered Importer an opportunity to present data, views, and arguments, in writing and/or in person, within 30 days of the date of the notice, as to whether the violation occurred, why the registration ought not to be suspended or revoked, or whether the suspension should be shorter than proposed. If the Administrator decides, on the basis of the available information, that the Registered Importer has violated a statute or regulation, the Administrator may suspend or revoke the registration. The Administrator shall notify the Registered Importer in writing of the decision, including the reasons for it. A suspension or revocation is effective as of the date of the Administrator's written notification unless another date is specified therein. The Administrator shall state the period of any suspension in the notice to the Registered Importer. There shall be no opportunity to seek reconsideration of a decision issued under this paragraph.

(c) Reinstatement of suspended registrations. (1) When a registration has been suspended under paragraph (a)(1) of this section, the Administrator will reinstate the registration when all fees owing are paid by wire transfer or certified check from a bank in the United States, together with a sum representing 10 percent of the amount of the fees that were not timely paid.

(2) When a registration has been suspended under paragraph (a)(2) or (a)(5) of this section, the registration will be reinstated after the expiration of the period of suspension specified by the Administrator, or such earlier date as the Administrator may subsequently decide is appropriate.

(3) When a registration has been suspended under paragraph (a)(3) of this section, the registration will be reinstated when the Administrator decides that the Registered Importer has provided a street address to which mail to
§592.8 Inspection; release of vehicle and bond.

(a) With respect to any motor vehicle for which it must provide a certificate of conformity to the Administrator as required by §592.6(d), a Registered Importer shall not obtain title, licensing, or registration of the motor vehicle for use on the public roads, or release custody of it for such titling, licensing, or registration, except in accordance with the provisions of this section.

(b) When conformance modifications to a motor vehicle have been completed, a Registered Importer shall submit the certification required by §592.6(d) to the Administrator. In certifying a vehicle that the Administrator has determined to be substantially similar to one that has been certified by its original manufacturer for sale in the United States, the Registered Importer may rely on any certification by the original manufacturer with respect to identical safety features if it also certifies that any modification that it undertook did not affect the compliance of such safety features. Each submission shall be mailed by certified
