

Surface Transportation Board, DOT

§ 1104.1

the performance of his duties in the interest of such intermediaries. The practitioner's relationship and responsibility to the client should be direct.

(b) The practitioner may accept employment from any organization (such as an association, club or trade organization) authorized by law to be a party to proceedings before the Board, to render services in such proceedings in any matter in which the organization, as an entity, is interested. This employment should only include the rendering of such services to the members of the organization in respect to the individual affairs as are consistent with the free and faithful performance of his duties to the Board.

(c) Nothing in this canon shall be construed as conflicting with § 1103.20(d).

§ 1103.35 Partnership or professional corporation names and titles.

In the formation of a partnership or professional corporation among practitioners care should be taken to avoid any misleading name or representation which would create a false impression as to the position or privileges of a member not duly authorized to practice. No person should be held as a practitioner who is not duly qualified under § 1103.2 or § 1103.3 of these rules. No person who is not duly admitted to practice should be held out in a way which will give the impression that he is so admitted. No false or assumed or trade name should be used to disguise the practitioner or his partnership or professional corporation.

§ 1104.1 Address, identification, and electronic filing option.

(a) Except as provided in § 1115.7, pleadings should be addressed to the "Chief, Section of Administration, Office of Proceedings, Surface Transportation Board, Washington, DC 20423-0001," and should designate the docket number and title of the proceeding, if known.

(b) The address of the person filing the pleading should be included on the first page of the pleading.

(c) All envelopes in which a pleading is being submitted should be marked in the lower left hand corner with the docket number, if known, (not the full title) and the pleading type.

(d) All multi-volume pleadings must be sequentially numbered on the cover of each volume to indicate the volume number of the pleading and the total number of volumes filed (e.g., the first volume in a 4-volume set should be labeled "volume 1 of 4," the second volume "volume 2 of 4" and so forth).

(e) Persons filing pleadings and documents with the Board have the option of electronically filing (e-filing) certain types of pleadings and documents instead of filing paper copies. Details regarding the types of pleadings and documents eligible for e-filing, the procedures to be followed, and other pertinent information are available on the Board's Web site, <http://www.stb.dot.gov>. If the e-filing option is chosen (for those pleadings and documents that are appropriate for e-filing, as determined by reference to the information on the Board's Web site), then the applicable requirements will be those specified on the Web site, and any requirements of 49 CFR part 1104 that are specifically applicable to filing of paper copies will not apply to the e-filed

pleadings and documents (these requirements include, but are not limited to, number of copies, stapling or binding specifications, submission of compact disks or floppy diskettes for documents of 20 pages or more, signature “in ink,” etc.). Persons are not required to e-file, and may continue to use the Board’s processes for filing paper copies.

§ 1104.2 Document specifications.

(a) Documents, except electronic filings, filed with the Board must be on white paper not larger than 8½ by 11 inches, including any tables, charts, or other documents that may be included. Ink must be dark enough to provide substantial contrast for scanning and photographic reproduction. Text must be double-spaced (except for footnotes and long quotations, which may be single-spaced), using type not smaller than 12 point. Printing may appear only on one side of the paper for original documents, but copies of filings may be printed on both sides of the paper.

(b) In order to facilitate automated processing in document sheet feeders, original documents of more than one page may not be bound in any permanent form (no metal, plastic, or adhesive staples or binders) but must be held together with removable metal clips or similar retainers. Original documents may not include divider tabs, but copies must if workpapers or expert witness testimony are submitted. All pages of original documents, and each side of pages that are printed on both sides, must be paginated continuously, including cover letters and attachments. Where, as a result of assembly processes, such pagination is impractical, documents may be numbered within the logical sequences of volumes or sections that make up the filing and need not be renumbered to maintain a single numbering sequence throughout the entire filing.

(c) Some filings or portions of filings will not conform to the standard paper specifications set forth in paragraph (a) of this section and may not be scan-

nable. For example, electronic spreadsheets are not susceptible to scanning, but oversized documents, such as oversized maps and blueprints, may or may not be scannable. Filings that are not scannable will be referenced on-line and made available to the public at the Board’s offices. If parties file oversized paper documents, they are encouraged to file, in addition to the oversized documents, representations of them that fit on the standard paper, either through reductions in size that do not undermine legibility, or through division of the oversized whole into multiple sequential pages. The standard paper representations must be identified and placed immediately behind the oversized documents they represent.

(d) Color printing may not be used for textual submissions. Use of color in filings is limited to images such as graphs, maps and photographs. To facilitate automated processing of color pages, color pages may not be inserted among pages containing text, but may be filed only as appendices or attachments to filings. Also, the original of any filing that includes color images must bear an obvious notation, on the cover sheet, that the filing contains color.

§ 1104.3 Copies.

(a) An executed original, plus 10 copies, of every paper pleading, document, or paper permitted or required to be filed under this subchapter, including correspondence, must be furnished for the use of the Board, unless otherwise specifically directed by another Board regulation or notice in an individual proceeding. Copies may be reproduced by any duplicating process, provided all copies are clear and legible. Appropriate notes or other indications shall be used so that matters shown in color on the original, but in black and white on the copies, will be accurately identified on all copies.

(b) Electronic submissions accompanying paper filings must be furnished as follows:

(1) Textual submissions of 20 or more pages must be accompanied by three
