this section is 10 percent of the retiree's annuity.

[52 FR 2061, Jan. 16, 1987, as amended at 57 FR 54678, Nov. 20, 1992]

§ 842.604 Election at time of retirement of a fully reduced annuity or a one-half reduced annuity to provide a former spouse annuity.

(a) An unmarried employee or Member retiring under FERS may elect a fully reduced annuity or a one-half reduced annuity to provide a former spouse annuity or annuities.

(b) A married employee or Member retiring under FERS may elect a fully reduced annuity or a one-half reduced annuity to provide a former spouse annuity or annuities instead of a fully reduced annuity to provide a current spouse annuity, if the current spouse consents to the election in accordance with § 842.606 or spousal consent is waived in accordance with § 842.607.

(c) An election under paragraph (a) or (b) of this section is void to the extent that it—

(1) Conflicts with a qualifying court order; or

(2) Would cause the total of current spouse annuities and former spouse annuities payable based on the employee's or Member's service to exceed the maximum amount of survivor annuity that the employee or Member is entitled to provide under § 842.613.

(d) Any reduction in an annuity to provide a former spouse annuity will terminate on the first day of the month after the former spouse remarries before age 55 or dies, or the former spouse's eligibility for a former spouse annuity terminates under the terms of a qualifying court order, unless—

(1) The retiree elects, within 2 years after the former spouse's death or remarriage, to continue the reduction to provide a former spouse annuity for another former spouse, or to provide a current spouse annuity; or

(2) A qualifying court order requires the retiree to provide another former spouse annuity.

(e) Except as provided in § 842.614, the amount of the reduction to provide a former spouse annuity equals—

(1) Ten percent of the employee's or Member's annuity if the employee or

Member elects a fully reduced annuity; or

(2) Five percent of the employee's or Member's annuity if the employee or Member elects a one-half reduced annuity.

[52 FR 2061, Jan. 16, 1987, as amended at 57 FR 54678, Nov. 20, 1992]

§ 842.605 Election of insurable interest rate.

(a) At the time of retirement, an employee or Member in good health and who is applying for a non-disability annuity may elect an insurable interest rate. An election under this section does not exempt a married employee or Member from the provisions of § 842.603(a).

(b) An insurable interest rate may be elected by an employee or Member electing a fully reduced annuity or a one-half reduced annuity to provide a current spouse annuity or a former spouse annuity or annuities.

(c)(1) In the case of a married employee or Member, an election under this section may not be made on behalf of a current spouse unless that current spouse has consented to an election not to provide a current spouse annuity in accordance with § 842.603(a)(1).

(2) A consent (to an election not to provide a current spouse annuity in accordance with § 842.603(a)(1)) required by paragraph (c)(1) of this section to be eligible to be the beneficiary of an insurable interest rate is cancelled if—

(i) The retiree fails to qualify to receive the insurable interest rate; or

(ii) The retiree changes his or her election to receive an insurable interest rate under § 842.608; or

(iii) The retiree elects a fully reduced annuity to provide a current spouse annuity under § 842.610.

(3) An election of a one-half reduced annuity under § 842.610(b) to provide a current spouse annuity for a current spouse who is the beneficiary of an insurable interest rate is void unless the spouse consents to the election.

(4) If a retiree who had elected an insurable interest rate to benefit a current spouse elects a fully reduced annuity to provide a current spouse annuity (or with the consent of the spouse, a one-half reduced annuity to provide a current spouse annuity) under

§ 842.610(b), the election of the insurable interest rate is cancelled.

(5)(i) A retiring employee or Member may not elect a fully reduced annuity or a one-half reduced annuity to provide a former spouse annuity and an insurable interest rate to benefit the same former spouse.

(ii) If a retiring employee or Member who is required by court order to provide a former spouse annuity elects an insurable interest rate to benefit the former spouse with the court-ordered entitlement—

(A) If the benefit based on the election is greater than or equal to the benefit based on the court order, the election of the insurable interest rate will satisfy the requirements of the court order as long as the insurable interest rate continues.

(B) If the benefit based on the election is less than the benefit based on the court order, the election of the insurable interest rate is void.

(iii) An election under § 842.611 of a fully reduced annuity or a one-half reduced annuity to benefit a former spouse by a retiree who elected and continues to receive an insurable interest rate to benefit that former spouse is void.

(d) To elect an insurable interest rate, an employee or Member must indicate the intention to make the election on the application for retirement and must submit a certificate of good health in a form prescribed by OPM.

(e) An insurable interest rate may be elected to provide a survivor benefit only for a person who has an insurable interest in the retiring employee or Member.

(1) An insurable interest is presumed to exist with—

- (i) The current spouse;
- (ii) A blood or adopted relative closer than first cousins;
- (iii) A former spouse;
- (iv) A person to whom the employee or Member is engaged to be married;
- (v) A person with whom the employee or Member is living in a relationship that would constitute a common-law marriage in jurisdictions recognizing common-law marriages.

(2) When an insurable interest is not presumed, the employee or Member must submit affidavits from one or

more persons with personal knowledge of the named beneficiary's having an insurable interest in the employee or Member. The affidavits must set forth the relationship, if any, between the named beneficiary and the employee or Member, the extent to which the named beneficiary is dependent on the employee or Member, and the reasons why the named beneficiary might reasonably expect to derive financial benefit from the continued life of the employee or Member.

(3) The employee or Member may be required to submit documentary evidence to establish the named beneficiary's date of birth.

(f) OPM will notify the employee or Member of initial monthly annuity rates with and without the election of an insurable interest rate and the initial rate payable to the named beneficiary. No election of an insurable interest rate is effective unless the employee or Member confirms the election in writing or dies no later than 60 days after the date of the notice described in this paragraph.

(g)(1) When an employee or Member elects both an insurable interest rate, and a fully reduced annuity or a one-half reduced annuity, the combined reduction may exceed the maximum 40 percent reduction in the retired employee's or Member's annuity permitted under section 8420 of title 5, United States Code, applicable to insurable interest annuities.

(2) The additional reduction to provide a current spouse annuity or a former spouse annuity is not considered in determining the rate of annuity payable to a beneficiary of an insurable interest election.

(h)(1) Except as provided in § 842.604(d), if a retiree who is receiving a fully reduced annuity or a one-half reduced annuity to provide a former spouse annuity has also elected an insurable interest rate to benefit a current spouse and if the eligible former spouse remarries before age 55, dies, or loses eligibility under the terms of the court order, and no other former spouse is entitled to a survivor annuity based on an election made in accordance with § 842.611 or a qualifying court order, the retiree may elect, within 2

§ 842.606

years after the former spouse's remarriage, death, or loss of eligibility under the terms of the court order, to convert the insurable interest rate to a fully reduced annuity to provide a current spouse annuity, effective on the first day of the month following the event causing the former spouse to lose eligibility.

(2) An election under paragraph (h)(1) of this section cancels any consent not to receive a current spouse annuity required by paragraph (c) of this section for the current spouse to be eligible for an annuity under this section.

(3) When a former spouse receiving an annuity under section 8445 of title 5, United States Code, loses eligibility to that annuity, a beneficiary of an insurable interest rate who was the current spouse at both the time of the retiree's retirement and death may, within 2 years after the former spouse's death, remarriage, or loss of eligibility under the terms of the court order, elect to receive a current spouse annuity instead of the annuity he or she had been receiving.

The election is effective on the first day of the month following the event causing the former spouse to lose eligibility.

(i) Upon the death of the current spouse, a retiree whose annuity is reduced to provide both a current spouse annuity and an insurable interest benefit for a former spouse is not permitted to convert the insurable interest rate to a reduced annuity to provide a former spouse annuity.

(j) An employee or Member may name only one natural person as the named beneficiary of an insurable interest rate. OPM will not accept the designation of contingent beneficiaries and such a designation is void.

(k)(1) An election under this section is prospectively voided by an election of a fully reduced annuity to provide a current spouse annuity under § 842.612 that would benefit the same person.

(2)(i) If the current spouse is not the beneficiary of the election under this section, a retiree may prospectively void an election under this section at the time the retiree elects a reduced annuity to provide a current spouse annuity under § 842.612.

(ii) A retiree's election to void an election under paragraph (k)(2)(i) of this section must be filed at the same time as the election under § 842.612.

(3) An annuity reduction under this section terminates on the first day of the month after the beneficiary of the insurable interest rate dies.

§ 842.606 Election of a self-only annuity or a one-half reduced annuity by married employees and Members.

(a) A married employee may not elect a self-only annuity or a one-half reduced annuity to provide a current spouse annuity without the consent of the current spouse or a waiver of spousal consent by OPM in accordance with § 842.607.

(b) Evidence of spousal consent or a request for waiver of spousal consent must be filed on a form prescribed by OPM.

(c) The spousal consent form will require that a notary public or other official authorized to administer oaths certify that the current spouse presented identification, gave consent, signed or marked the form, and acknowledged that the consent was given freely in the notary's or official's presence.

(d) The form described in paragraph (c) of this section may be executed before a notary public, an official authorized by the law of the jurisdiction where executed to administer oaths, or an OPM employee designated for that purpose by the Associate Director.

(e) A request for waiver of the spousal consent requirement must be by letter and fully state the basis for the request.

(f) The amount of the reduction in the retiree's annuity for a one-half reduced annuity to provide a current spouse annuity is 5 percent of the retiree's annuity.
