§ 85.22 Grant proposals.

Grant proposals will consist of a narrative which identifies and describes the following:
(a) The need within the purposes of the Act (Coastal States with approved plans should indicate how the activities contained in the proposal implements the plan);
(b) Discrete objective(s) to be accomplished during a specified time period that address the need(s);
(c) Expected results or benefits from accomplishing the objectives, including the numbers of recreational vessels and people served;
(d) The approach to be used in meeting the objectives, including specific procedures, schedules, key personnel, cooperators, grant location, innovative approaches, public/private partnerships, education, sensitive waters, public access, and estimated costs;
(e) Amount and source of matching funds; and,
(f) Fees for use of facility.

Subpart C—Grant Selection

§ 85.30 Grant selection criteria.

The Director shall give priority consideration to grant proposals that meet the criteria listed in Subsections a-h and in the accompanying chart:
(a) In coastal States that have no survey or plan, proposals to complete such survey and plan;
(b) Proposals for constructing and renovating pumpout and dump stations without an approved plan;
(c) In coastal States, proposals for constructing and renovating pumpout and dump stations in accordance with a coastal State’s plan approved under section 5603(c) of the Clean Vessel Act, and for inland States, proposals for constructing and renovating pumpout and dump stations in accordance with an inland State’s plan;
(d) Proposals that provide for public/private partnership efforts to develop and operate pumpout and dump stations;
(e) Proposals for innovative ways to increase the availability and use of pumpout and dump stations, e.g., where private parties put in more than the minimum amount;
(f) Proposals that include an education/information component, or the State has an active, ongoing education program;
(g) Proposals that benefit the waters most likely to be affected by the discharge of sewage from vessels, including the waters as defined in the technical guidelines as published in the Federal Register; and,
(h) Proposals in areas with high vessel/pumpout or dump station ratios.

Total

§ 85.31 Grant selection.

The Fish and Wildlife Service, Division of Federal Aid, will convene a ranking panel of Federal employees, to include representatives from the Service’s Washington Office of the Division of Federal Aid, the National Oceanic and Atmospheric Administration, the Environmental Protection Agency, and the U.S. Coast Guard, to review, rank, and make funding recommendations to the Director of the Fish and Wildlife Service. The Director will make the selection of eligible grants by August 1, annually. Upon selection of a proposal the appropriate Regional Office will advise the successful applicant of additional documentation requirements.

Subpart D—Conditions on Use/Acceptance of Funds

§ 85.40 Cost sharing.

(a) The Federal share shall not exceed 75% of total costs approved in the grant agreement.
