

§ 300.35

zone of Tonga, a report must be submitted that includes the vessel's position (latitude and longitude to nearest minute of arc).

(B) [Reserved]

(vii) *Tuvalu*. (A) At least 24 hours prior to entering Tuvalu fishery limits, a report must be submitted that includes the following information: vessel name; IRCS; country of registration of the vessel; the number of the vessel's license issued under §300.32; intended vessel position (latitude and longitude to nearest minute of arc) at entry; and amount of catch on board the vessel, by species.

(B) Every seventh day that the vessel is in Tuvalu fishery limits, a report must be submitted that includes vessel position (latitude and longitude to nearest minute of arc) and the total amount of catch on board the vessel.

(C) Immediately upon exit from Tuvalu fishery limits, a notification must be submitted that includes vessel position (latitude and longitude to nearest minute of arc) and the total amount of catch on board the vessel.

[72 FR 6151, Feb. 9, 2007]

§ 300.35 Vessel and gear identification.

While a vessel is in the Licensing Area, a Limited Area closed to fishing, or a Closed Area, a recent and up-to-date copy of the International Code of Signals (INTERCO) shall be on board and accessible at all times. The operator shall comply with the 1989 Food and Agricultural Organization standard specifications for the marking and identification of fishing vessels. The international radio call sign of the vessel shall be painted in white on a black background, or in black on a white background, and be clear, distinct, and uncovered, in the following manner:

(a) On both sides of the vessel's hull or superstructure, with each letter and number being at least 1 m high and having a stroke width of 16.7 cm, with the background extending to provide a border around the mark of not less than 16.7 cm.

(b) On the vessel's deck, on the body of any helicopter and on the hull of any skiff, with each letter and number being at least 30 cm high, and having a stroke width of 5 cm with the back-

50 CFR Ch. III (10-1-10 Edition)

ground extending to provide a border around the mark of not less than 5 cm.

(c) On any other equipment being carried by and intended to be separated from the vessel during normal fishing operations, with each letter and number being at least 10 cm high and having a stroke width of 1.7 cm, with the background extending to provide a border around the mark of not less than 1.7 cm.

§ 300.36 Closed area stowage requirements.

At all times while a vessel is in a Closed Area, the fishing gear of the vessel shall be stowed in a manner as not to be readily available for fishing. In particular, the boom shall be lowered as far as possible so that the vessel cannot be used for fishing, but so that the skiff is accessible for use in emergency situations; the helicopter, if any shall be tied down; and launches shall be secured.

§ 300.37 Radio monitoring.

The international distress frequency, 2.182 MHz, and 156.8 MHz (Channel 16, VHF) shall be monitored continuously from the vessel for the purpose of facilitating communication with the fisheries management, surveillance and enforcement authorities of the Parties.

§ 300.38 Prohibitions.

(a) Except as provided for in §300.39, in addition to the prohibitions in §300.4, it is unlawful for any person subject to the jurisdiction of the United States to do any of the following:

(1) To violate the Act or any provision of any regulation or order issued pursuant to Act.

(2) To use a vessel for fishing in violation of an applicable national law.

(3) To violate the terms and conditions of any fishing arrangement to which that person is a party.

(4) To use a vessel for fishing in any Closed Area.

(5) To refuse to permit any authorized officer or authorized party officer to board a fishing vessel for purpose of conducting a search or inspection in connection with the enforcement of the Act or the Treaty.
