

§ 648.323

50 CFR Ch. VI (10–1–10 Edition)

may fish for, possess, or land skates for uses other than bait.

(6) The vessel owner or operator complies with the transfer at sea requirements at §648.13(h).

(d) *In-season adjustment of skate bait possession limits.* When the Regional Administrator projects that 90 percent of the skate bait fishery seasonal quota has been landed in Seasons 1 or 2, or 90 percent of the annual skate bait fishery TAL has been landed, the Regional Administrator shall, through a notice in the FEDERAL REGISTER consistent with the Administrative Procedure Act, reduce the skate bait trip limit to the whole weight equivalent of the skate wing trip limit specified under paragraph (b) of this section for the remainder of the quota period, unless such a reduction would be expected to prevent attainment of the seasonal quota or annual TAL.

(e) *Prohibitions on possession of skates.* A vessel fishing in the EEZ portion of the Skate Management Unit may not:

(1) Retain, possess, or land barndoor or thorny skates taken in or from the EEZ portion of the Skate Management Unit.

(2) Retain, possess, or land smooth skates taken in or from the GOM RMA described at §648.80(a)(1)(i).

[75 FR 34060, June 16, 2010]

§ 648.323 Accountability measures.

(a) *TAL overages.* If the skate wing fishery TAL or skate bait fishery TAL

is determined to have been exceeded by more than 5 percent in any given year based upon, but not limited to, available landings information, the Regional Administrator shall reduce the in-season possession limit trigger for that fishery, as specified at §648.322(b) and (d), in the next fishing year by 1 percent for each 1 percent of TAL overage, consistent with the Administrative Procedure Act.

(b) *ACL overages*—(1) If the ACL is determined to have been exceeded in any given year, based upon, but not limited to, available landings and discard information, the percent buffer between ACL and ACT, initially specified at 25 percent, shall be increased by 1 percent for each 1-percent ACL overage in the second fishing year following the fishing year in which the ACL overage occurred, through either the specifications or framework adjustment process described under §§648.320 and 648.321.

(2) If the Council fails to initiate action to correct an ACL overage through the specifications or framework adjustment process, consistent with paragraph (b)(1) of this section, the Regional Administrator shall implement the required adjustment, as described under paragraph (b)(1) of this section, consistent with the Administrative Procedure Act.
