

shall determine if the situation warrants further investigation and possible action. In making this determination, the Committee Chair shall consider the amount of discard of regulated species, the species targeted, the number and types of vessels operating in the area, the location and size of the area, and the resource condition of the impacted species. If he/she determines it is necessary, the Committee Chair will request the Regional Administrator to initiate a fact finding investigation to verify the situation and publish notification in the FEDERAL REGISTER requesting public comments in accordance with the procedures therefore in Amendment 3 to the NE Multispecies FMP.

(2) After examining the facts, the Regional Administrator shall, within the deadlines specified in Amendment 3, provide the technical analysis required by Amendment 3.

(3) The NEFMC shall prepare an economic impact analysis of the potential management options under consideration within the deadlines specified in Amendment 3.

(4) Copies of the analysis and reports prepared by the Regional Administrator and the NEFMC shall be made available for public review at the NEFMC's office and the Committee shall hold a meeting/public hearing, at which time it shall review the analysis and reports and request public comments. Upon review of all available sources of information, the Committee shall determine what course of action is warranted by the facts and make a recommendation, consistent with the provisions of Amendment 3 to the Regional Administrator.

(5) By the deadline set in Amendment 3 the Regional Administrator shall either accept or reject the Committee's recommendation. If the recommended action is consistent with the record established by the fact-finding report, impact analysis, and comments received at the public hearing, he/she shall accept the Committee's recommendation and implement it through notification in the FEDERAL REGISTER and by notice sent to all vessel owners holding multispecies permits. The Regional Administrator shall also use other appropriate media, in-

cluding, but not limited to, mailings to the news media, fishing industry associations and radio broadcasts, to disseminate information on the action to be implemented.

(6) Once implemented, the Regional Administrator shall monitor the affected area to determine if the action is still warranted. If the Regional Administrator determines that the circumstances under which the action was taken, based on the Regional Administrator's report, the NEFMC's report, and the public comments, are no longer in existence, he/she shall terminate the action by notification in the FEDERAL REGISTER.

(7) Actions taken under this section will ordinarily become effective upon the date of filing with the Office of the Federal Register. The Regional Administrator may determine that facts warrant a delayed effective date.

(e) Nothing in this section is meant to derogate from the authority of the Secretary to take emergency action and interim measures under section 305(c) of the Magnuson-Stevens Act.

[69 FR 22984, Apr. 27, 2004, as amended at 70 FR 76429, Dec. 27, 2005; 73 FR 4754, Jan. 28, 2008; 75 FR 18349, Apr. 9, 2010]

§ 648.91 Monkfish regulated mesh areas and restrictions on gear and methods of fishing.

All vessels fishing for, possessing or landing monkfish must comply with the following minimum mesh size, gear, and methods of fishing requirements, unless otherwise exempted or prohibited:

(a) *Northern Fishery Management Area (NFMA)—Area definition.* The NFMA (copies of a chart depicting the area are available from the Regional Administrator upon request) is that area defined by a line beginning at the intersection of 70° W. longitude and the south-facing shoreline of Cape Cod, MA (point A), then southward along 70° W. longitude to 41° N. latitude, then eastward to the U.S.-Canada maritime boundary, then in a northerly direction along the U.S.-Canada maritime boundary until it intersects the Maine shoreline, and then following the coastline in a southerly direction until it intersects with point A.

(b) *Southern Fishery Management Area (SFMA)—Area definition.* The SFMA (copies of a chart depicting the area are available from the Regional Administrator upon request) is that area defined by a line beginning at point A, then in a southerly direction to the NC-SC border, then due east to the 200-mile limit, then in a northerly direction along the 200-mile limit to the U.S.-Canada maritime boundary, then in a northwesterly direction along the U.S.-Canada maritime boundary to 41° N. latitude, and then westward to 70° W. longitude, and finally north to the shoreline at Cape Cod, MA (point A).

(c) *Gear restrictions—(1) Minimum mesh size—(i) Trawl nets while on a monkfish DAS.* Except as provided in paragraph (c)(1)(ii) of this section, the minimum mesh size for any trawl net, including beam trawl nets, used by a vessel fishing under a monkfish DAS is 10-inch (25.4-cm) square or 12-inch (30.5-cm) diamond mesh throughout the codend for at least 45 continuous meshes forward of the terminus of the net. The minimum mesh size for the remainder of the trawl net is the regulated mesh size specified under § 648.80(a)(3), (a)(4), (b)(2)(i), or (c)(2)(i) of the Northeast multispecies regulations, depending upon and consistent with the NE multispecies regulated mesh area being fished.

(ii) *Trawl nets while on a monkfish and NE multispecies DAS.* Vessels issued a Category C, D, G, or H limited access monkfish permit and fishing with trawl gear under both a monkfish and NE multispecies DAS are subject to the minimum mesh size allowed under regulations governing mesh size at § 648.80(a)(3), (a)(4), (b)(2)(i), or (c)(2)(i), depending upon, and consistent with, the NE multispecies regulated mesh area being fished, unless otherwise specified in this paragraph (c)(1)(ii). Trawl vessels participating in the Offshore Fishery Program, as described in § 648.95, and that have been issued a Category F monkfish limited access permit, are subject to the minimum mesh size specified in paragraph (c)(1)(i) of this section.

(iii) *Gillnets while on a monkfish DAS.* The minimum mesh size for any gillnets used by a vessel fishing under a monkfish DAS is 10-inch (25.4-cm) di-

amond mesh, unless otherwise provided for under § 648.92(b)(1)(iii)(B).

(iv) *Authorized gear while on a monkfish and scallop DAS.* Vessels issued a Category C, D, G, or H limited access monkfish permit and fishing under a monkfish and scallop DAS may only fish with and use a trawl net with a mesh size no smaller than that specified in paragraph (c)(1)(i) of this section.

(2) *Other gear restrictions.* (i) A vessel may not fish with dredges or have dredges on board while fishing under a monkfish DAS.

(ii) All other non-conforming gear must be stowed as specified in § 648.23(b).

(iii) The mesh size restrictions in paragraph (c)(1) of this section do not apply to nets or pieces of nets smaller than 3 ft (0.9 m) × 3 ft (0.9 m), (9 ft² (0.81 m²)).

(3) *SFMA trawl roller gear restriction.* The roller gear diameter on any vessel on a monkfish DAS in the SFMA may not exceed 6 inches (15.2 cm) in diameter.

[64 FR 54747, Oct. 7, 1999, as amended at 65 FR 37917, June 19, 2000; 67 FR 50323, Aug. 1, 2002; 70 FR 21942, Apr. 28, 2005; 72 FR 53949, Sept. 21, 2007]

§ 648.92 Effort-control program for monkfish limited access vessels.

(a) *General.* A vessel issued a limited access monkfish permit may not fish for, possess, retain, or land monkfish, except during a DAS as allocated under and in accordance with the applicable DAS program described in this section, except as otherwise provided in this part.

(1) *End of year carryover.* With the exception of a vessel that held a Confirmation of Permit History, as described in § 648.4(a)(1)(i)(J), for the entire fishing year preceding the carryover year, a limited access monkfish vessel that has unused monkfish DAS on the last day of April of any year may carry over a maximum of 4 unused monkfish DAS into the next fishing year. A vessel whose DAS have been sanctioned through enforcement proceedings shall be credited with unused DAS based on its DAS allocation minus any DAS that have been sanctioned.

(2) [Reserved]
