(a) To be eligible to receive an individual or joint loan or loan deficiency payments under this part, a person must:

(1) Have produced honey in the United States during the calendar year for which a loan is requested and extracted on or before December 31 of such calendar year;

(2) Be responsible for the risk of keeping the bees and producing honey;

(3) Have a continuous beneficial interest in the honey from the time the honey was extracted through date of repayment of the loan;

(4) Store the honey pledged as loan collateral in eligible storage and in eligible containers that meet the requirements of §§1434.7 and §1434.8, respectively; and

(5) Adequately protect the interests of CCC by providing security for a loan in accordance with the requirements in §1434.8 and by maintaining in good condition the honey pledged as security for a loan.

(b) A person who complies with paragraph (a) of this section, who enters into a contract to sell the honey used as collateral for a loan but retains a beneficial interest in the honey and who does not receive an advance payment from the purchaser to enter into the contract unless the purchaser is a cooperative marketing association (CMA) that is eligible under paragraph (g) of this section, remains eligible for a loan.

(c) Two or more applicants may be eligible for a joint loan if:

(1) The conditions in paragraphs (a) and (b) of this section are met with respect to the commingled honey collateral stored in the same eligible containers they are tendering for a loan; and

(2) The commingled honey is not used as collateral for an individual loan that has not been repaid.

(d) Heirs who succeed to a beneficial interest in the honey are eligible for a loan if they:

(f) A minor who otherwise meets the requirements of this part for a loan shall be eligible to receive a loan only if the minor meets one of the following requirements:

(1) A court or statute has conferred the right of majority on the minor;

§ 1434.6 Beneficial interest.

(a) To be eligible to receive marketing assistance loans under this part a producer must have the beneficial interest in the honey that is tendered to CCC for a loan. The producer must always have had the beneficial interest in the honey unless, before the honey was extracted, the producer and a former producer whom the producer tendering the honey to CCC has succeeded had such an interest in the honey. Honey obtained by gift or purchase shall not be eligible to be tendered to CCC for loans. Heirs who succeed to the beneficial interest of a deceased producer or who assume the decedent’s obligations under an existing loan shall be eligible to receive loans whether succession to the honey occurs before or after extraction so long as the heir otherwise complies with the provisions of this part.

(b) A producer shall not be considered to have divested the beneficial interest in the honey if the producer retains title and control of the honey including the right to make all decisions regarding the tender of such honey to CCC for a loan, and the producer:

1. Executes an option to purchase, whether or not a payment is made by the potential buyer for such option to purchase, with respect to such honey if all other eligibility requirements are met and the option to purchase contains the following provision:

   “Notwithstanding any other provision of this option to purchase or any other contract, title and control of the honey and beneficial interest in the honey, as specified in 7 CFR 1434.6, must remain with the producer until the buyer exercises this option to purchase the honey. This option to purchase will expire, notwithstanding any action or inaction by either the producer or the buyer, at the earlier of:

   (1) The date specified in the option to purchase;
   (2) December 31 of the calendar year for which the loan is requested; or
   (3) The date the honey was extracted or harvested, if later; provided that, if the date the producer exercises the option to purchase is less than 60 days before the date the honey is to be utilized in production, the date the option to purchase expires shall be deemed to have been extended to within 60 days of the date the producer exercises the option to purchase.”
