(b) Loan rates used in administering the loan program are available in FSA State and county offices.

(c) Loans shall not be available for sugar produced from imported sugar beets, sugarcane, molasses, syrups and in-process sugar.

§ 1435.101 Loan rates.

(c) Loan rates for eligible sugar are adjusted to reflect the processing location of the sugar offered as loan collateral.

§ 1435.102 Eligibility requirements.

(a) An eligible producer is the owner of a portion or all of the domestically-grown sugar beets or sugarcane, including share rent landowners, at both the time of harvest and the time of delivery to the processor, except those producers determined to be ineligible as a result of the regulations governing highly erodible land and wetland conservation found at 7 CFR part 12, regulations governing crop insurance at 7 CFR part 400, or regulations governing controlled substance violations at 7 CFR part 718.

(b) In addition to all other provisions of this part, a sugar beet or sugarcane processor is eligible for loans only if the processor has agreed to all the terms and conditions in the loan application, and has executed a note and security agreement, and storage agreement with CCC. No loan proceeds will be distributed by CCC before CCC's approval of the note and security agreement and the CCC storage agreement.

(c) Sugar pledged as collateral during the crop year:

(1) May not exceed the quantity derived from processing domestically-grown sugar beets or sugarcane from eligible producers during the applicable crop year;

(2) Must be processed and owned by the eligible processor and stored in a CCC-approved warehouse;

(3) May not have been processed from imported sugarcane, sugar beets in-process sugars, or molasses;

(4) Must have been processed in the United States; and

(5) Must have processor certification in the loan application that the sugar or in-process sugar syrups are eligible and available to be pledged as collateral.

(d) Sugar and in-process sugar must meet the following minimum quality requirements to be eligible to be pledged as loan collateral:

§ 1435.103

7 CFR Ch. XIV (1-1-10 Edition)

(1) Refined beet sugar to be pledged as loan collateral must be:

- (i) Dry and free flowing;
- (ii) Free of excessive sediment; and
- (iii) Free of any objectionable color, flavor, odor, or other characteristic that would impair its merchantability or that would impair or prevent its use for normal commercial purposes.

(2) Raw cane sugar to be pledged as loan collateral must be:

- (i) Of reasonable grain size; and
- (ii) Free of objectionable color, flavor, odor, moisture or other characteristic that would impair its merchantability or that would impair or prevent its use for normal refining and commercial purposes.

(3) Edible sugarcane syrup or edible molasses must be free from any objectionable color, flavor, odor, or other characteristic that would impair the merchantability of such syrup or molasses or would impair or prevent the use of such syrup or molasses for normal commercial purposes.

(4) In-process sugar must be of at least the minimum quality expected to commercially yield raw cane sugar or refined beet sugar, as determined by CCC.

(e) The loan collateral must be stored in a CCC-approved warehouse as described in 7 CFR part 1423.

§ 1435.103 Availability, disbursement, and maturity of loans.

(a) Before obtaining a loan, a processor must:

(1) File a loan application, as CCC prescribes, no earlier than October 1 and no later than September 30 of the applicable crop year, with the State committee of the State where such processor is headquartered, or with a county committee designated by the State committee.

(2) Execute a note and security agreement, and storage agreement with CCC;

(3) Provide quantity and quality information as prescribed by CCC of the commodity to be pledged as collateral;

(4) Pay CCC a loan service fee, as determined by CCC, for the disbursement of each loan.

(5) If there are any liens or encumbrances on sugar or in-process sugar pledged as loan collateral, obtain waivers that fully protect CCC's interest even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the sugar after loan approval; and

(6) Agree to reimburse CCC for any costs incurred as a result of the failure of the processor to obtain the waivers specified in subparagraph (5).

(b) No loan proceeds may be disbursed until the sugar and in-process sugar have actually been produced and are otherwise established as being eligible to be pledged as loan collateral.

(c)(1) A processor may, within the loan availability period, repledge as collateral sugar that previously served as loan collateral for a repaid loan. In making application for such a loan, the processor shall:

(i) Specify that the loan collateral should be treated as a quantity of eligible sugar that previously served as loan collateral for a repaid loan; and

(ii) Designate the loan to which the reoffered loan collateral was originally pledged.

(2) The subsequent loan shall have the same maturity date as the original loan.

(3) Loan collateral repledged that was previously redeemed from CCC is not included in determining the total quantity of sugar on which loans have been obtained for purposes of §1435.102.

(d) Raw cane sugar loan disbursements shall be made without regard to the actual polarity or quality factors of the sugar pledged as loan collateral but shall be made on the assumption that the polarity of such sugar is 96 degrees by the polariscope.

(e)(1) Loans will mature at the earlier of:

(i) the end of the 9-month period beginning on the 1st day of the first month after the month in which the loan is made; or

(ii) September 30 following disbursement of the loan.

(2) CCC may accelerate loan maturity dates under §1435.105(h).

(f) Processors receiving loans in July, August, or September may repledge the
