Subpart F—Determining Coverage in the Tropical Region

Source: 71 FR 52739, Sept. 7, 2006, unless otherwise noted.

§ 1437.501 Applicability; definition of “tropical region” and additional definitions.

(a) This subpart shall only apply to covered tropical crops in the tropical region for the 2006 and subsequent crops years, as those terms are defined in this subpart. Benefits under this part may be extended to those crops only to the extent that they are otherwise eligible for assistance under this part. Covered crops shall not apply to “value loss” crops, as defined elsewhere in this part. For those crops that are covered by this subpart, loss and payment determinations for the program covered in this part shall be determined by the rules that otherwise apply to the program subject to the modifications provided by this subpart. The rules that otherwise apply include, but are not limited to, limitations on payments that appear elsewhere in this part.

(b) For purposes of this subpart:

(1) Tropical region includes, as may be further limited by the Deputy Administrator: Hawaii, American Samoa, Guam, the U.S. Virgin Islands, Puerto Rico, and the former Trust Territory of the Pacific Islands (the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau).

(2) 2006 and subsequent crops means those crops in the ground on or after January 1, 2006.

(3) Covered tropical crops means those crops and commodities in the tropical region governed by this subpart, those being all crops and commodities in the tropical region that are otherwise eligible for generating a benefit claim under this part, except for value-loss crops as defined elsewhere in this part.

(c) The Deputy Administrator may adjust requirements for assistance so as to provide a fair transition from previous rules for crop covered by this subpart to those provisions which are provided for in this subpart.

§ 1437.502 Coverage periods and fees for covered tropical crops.

(a) The crop year for all covered tropical crops is the calendar year (January 1 through December 31 beginning in 2006 through subsequent years).

(b) The application closing date for all covered tropical crops is December 1 of the calendar year before the applicable crop year.

(c) For covered tropical crops, per county per crop year, a maximum service fee of $100.00 is required of the producer for coverage of:

(1) With respect to annual and biennial crops, all plantings of the same crop planted during the crop year, as determined by CCC.

(2) With respect to perennial crops, all acreage of the crop existing during the crop year, as determined by CCC.

(d)(1) Multiple planting periods and final planting dates are not applicable for covered tropical crops. However, nothing in this section shall prohibit assigning different production expectations to different fields.
