

§ 1437.505

7 CFR Ch. XIV (1–1–10 Edition)

in this subpart is grounds for denial of the claim.

(c) Producers with coverage of a covered tropical crop for a crop year must, by the earlier of 90 calendar days after the crop year ends or the date a notice of loss is filed, file a certified report setting out the:

(1) Collective acres of the crop acreage planted or in the ground during the crop year.

(2) Total production harvested from the crop acreage for the full crop year in the case of a perennial plant and for the full life of the plants for other crops.

(d) With respect to the report required in paragraph (c) of this section:

(1) If a report is filed before the end of the crop year, an updated crop report must be filed within 90 calendar days from the end of the crop year to supplement the original report;

(2) If the report is for any annual or biennial crops where production continued or could have continued beyond the period covered in the reports otherwise filed under this section, an additional report of production must be filed within 30 days of the end of the last countable production for the covered crop or 30 days after the last date on which such production could have been obtained, whichever is later.

(3) A failure to file an adequate report where a report is required by this section may result in the producer being treated as having a zero yield capability for the crop year involved for purposes of constructing a crop history. Alternatively, the Deputy Administrator may assign another sanction for that failure. In addition to other sanctions as may apply, a failure to file such reports may be grounds for denial of a claim. The Deputy Administrator may adjust crop histories as determined appropriate to create, to the extent practicable, an appropriate crop history for loss computation purposes.

(4) Such reports as are provided for in this subsection must be filed for every crop year for which there is coverage, irrespective of whether a claim is filed for that year.

(e) Unless otherwise specified by the Deputy Administrator, appraisals are not required of crop acreage for covered tropical crops on Guam, Virgin Is-

lands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau.

(f) All crop acreage for covered tropical crops for which a notice of loss is filed must not be destroyed until authorized by CCC.

§ 1437.505 Application for payment for the tropical region.

(a) For producers of covered tropical crops in Guam, Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands, the Republic of the Marshall Islands, the Federated States of Micronesia, and the Republic of Palau, an application for payment must be filed at the same time as the filing of the notice of loss required under §§ 1437.10 and 1437.504.

(b) For producers in Puerto Rico and Hawaii, an application for payment for such crops must be filed by the later of:

(1) The date on which the notice of loss is filed in accordance with §§ 1437.10 and 1437.502(i), and

(2) The date of the completion of harvest for the specific crop acreage that existed at the time of loss for which the notice of loss was filed.
