§ 1465.31 Compliance with regulatory measures.

Participants who carry out conservation practices will be responsible for obtaining the authorities, rights, easements, permits, or other approvals necessary for the implementation, operation, and maintenance of the conservation practices in keeping with applicable laws and regulations. Participants will be responsible for compliance with all laws and for all effects or actions resulting from the participant’s performance under the contract.

§ 1465.32 Access to operating unit.

Any authorized NRCS representative will have the right to enter an operating unit or tract for the purpose of determining eligibility and for ascertaining the accuracy of any representations related to contracts and performance. Access will include the right to provide technical assistance; determine eligibility; inspect any work undertaken under the contracts, including the APO and O&M agreement; and collect information necessary to evaluate the conservation practice performance as specified in the contracts. The NRCS representative will make an effort to contact the participant prior to exercising this provision.

§ 1465.33 Equitable relief.

(a) If a participant relied upon the advice or action of any authorized NRCS representative and did not know, or have reason to know, that the action or advice was improper or erroneous, the participant may be eligible for equitable relief under 7 CFR part 635, section 635.3. The financial or technical liability for any action by a participant that was taken based on the advice of an NRCS certified TSP is the responsibility of the certified TSP and will not be assumed by NRCS when NRCS authorizes payment.

(b) If a participant has been found in violation of a provision of the AMA contract or any document incorporated by reference through failure to comply fully with that provision, the participant may be eligible for equitable relief under 7 CFR part 635, section 635.4.
