§ 1467.12 The WRPO development.

(a) The development of the WRPO will be made through the local NRCS representative, in consultation with the State Technical Committee, with consideration of site-specific technical input from FWS and the Conservation District.

(b) The WRPO will specify the manner in which the enrolled land shall be restored, protected, enhanced, maintained, and managed to accomplish the goals of the program. The WRPO will be developed to ensure that cost-effective restoration and maximization of wildlife benefits and wetland functions and values will result. Specifically, the WRPO will consider and address, to the extent practicable, the on-site alterations and the off-site watershed conditions that adversely impact the hydrology and associated wildlife and wetland functions and values. NRCS will review, revise, and supplement the WRPO as needed throughout the duration of the enrollment to ensure that

(iii) The right to restore, protect, enhance, maintain, and manage activities on the enrolled area.

(3) The participant shall:

(i) Comply with the terms of the contract;

(ii) Comply with all terms and conditions of any associated agreement;

(iii) Agree to the long-term restoration, protection, enhancement, maintenance, and management of the enrolled area in accordance with the terms of the contract and related agreements;

(iv) Have the option to enter into an agreement with governmental or private organizations to assist in carrying out any participant responsibilities on the enrolled area; and

(v) Agree that each person or legal entity that is subject to the contract shall be jointly and severally responsible for compliance with the contract and the provisions of this part and for any refunds or payment adjustment which may be required for violation of any terms or conditions of the contract and the provisions of this part.

(74 FR 2328, Jan. 15, 2009, as amended at 74 FR 26284, June 2, 2009)

§ 1467.12 The WRPO development.

(a) The development of the WRPO will be made through the local NRCS representative, in consultation with the State Technical Committee, with consideration of site-specific technical input from FWS and the Conservation District.

(b) The WRPO will specify the manner in which the enrolled land shall be restored, protected, enhanced, maintained, and managed to accomplish the goals of the program. The WRPO will be developed to ensure that cost-effective restoration and maximization of wildlife benefits and wetland functions and values will result. Specifically, the WRPO will consider and address, to the extent practicable, the on-site alterations and the off-site watershed conditions that adversely impact the hydrology and associated wildlife and wetland functions and values. NRCS will review, revise, and supplement the WRPO as needed throughout the duration of the enrollment to ensure that
