

*Weighted-average life of the loans or notes* means the average life of the loans or notes based on the proportion of original loan principal paid during each year of the loans or notes. It shall be determined by calculating the sum of all loan or note principal payments expressed as a fraction of the original loan or note principal amount, times the number of years and fractions of years elapsed at the time of each payment since issuance of the loan or note. For example, given a \$5 million loan, with a maturity of 5 years and equal principal payments of \$1 million due on the anniversary date of the loan, the weighted-average life would be:  $(.2)(1 \text{ year}) + (.2)(2 \text{ years}) + (.2)(3 \text{ years}) + (.2)(4 \text{ years}) + (.2)(5 \text{ years}) = .2 \text{ years} + .4 \text{ years} + .6 \text{ years} + .8 \text{ years} + 1.0 \text{ years} = 3.0 \text{ years}$ . If instead the loan had a balloon payment of \$5 million at the end of 5 years, the weighted-average life would be:  $(\$5 \text{ million}/\$5 \text{ million})(5 \text{ years}) = 5 \text{ years}$ .

*Weighted-average remaining life of the loans or notes* means the remaining average life of the loans or notes based on the proportion of remaining loan or note principal expressed in years remaining to maturity of the loans or notes. It shall be determined by calculating the sum of the remaining principal payments of each loan or note expressed as a fraction of the total remaining loan or note amounts times the number of years and fraction of years remaining until maturity of the loan or note.

*Weighted-average remaining useful life of the assets* means the estimated original average life of the assets to be acquired with the proceeds of the private lender notes expressed in years based on depreciation rates less the number of years those assets have been in service (or have been depreciated). It shall be determined by calculating the sum of each asset's remaining value expressed as a fraction of the total remaining value of the assets, times the estimated number of years and fraction of years remaining until the assets are fully depreciated.

*Wholly-owned subsidiary* means a corporation owned 100 percent by the borrower.

(vi) The proceeds of the private lender notes will be lent to a wholly-owned subsidiary of the borrower pursuant to terms and conditions agreed upon by the borrower and subsidiary;

(g) *RUS acknowledgment.* Within 5 business days of receipt of the completed certifications and any other information required under this section, RUS will review the information and provide written acknowledgment to the borrower and the private lender of its qualification for an automatic lien accommodation. Upon receipt of the acknowledgment, the borrower may execute the private lender notes.

(h) *Supplemental mortgage.* If the private lender determines that a supple-

mental mortgage is required to secure the private lender notes on a pari passu or pro-rata basis with all other notes secured under the Government mortgage, the private lender may prepare the supplemental mortgage using the form attached as Appendix F to this subpart or the borrower may request RUS to prepare such supplemental mortgage in accordance with the following procedures:

(1) The private lender preparing the supplemental mortgage shall execute and forward the completed document to RUS. Upon ascertaining the correctness of the form and the information concerning RUS, RUS will execute and forward the supplemental mortgage to the borrower.

(2) When requested by the borrower, RUS will expeditiously prepare the supplemental mortgage, using the form in Appendix F to this subpart, upon submission by the private lender of:

(3) The government is not responsible for ensuring that the supplemental mortgage has been executed by all parties and is a valid and binding instrument enforceable in accordance with its terms, and recorded and filed in accordance with applicable law. If the private lender determines that additional security instruments or other documents are required or that RUS must take additional actions to secure the private lender notes under the mortgage, the private lender shall follow the procedures established in §§1744.40 or 1744.50, as appropriate. Except for the actions of the government expressly established in §1744.40, the government undertakes no obligation to effectuate an automatic lien accommodation. (2) To the extent that the borrower's existing mortgage requires RUS approval before the borrower can make an investment in an affiliated company, approval is hereby given for all investments made in affiliated companies with the proceeds of private lender notes qualifying for an automatic lien accommodation under paragraph (e) of this section. Any reference to an approval by RUS under the mortgage shall apply only to the rights of RUS and not to any other party.

**§ 1744.40 Act purposes.**

(a) Borrowers are encouraged to submit requests for accommodation of the Government's lien on the borrower's system in order to facilitate obtaining financing from private lenders for purposes provided in the RE Act.

(b) The Administrator will consider requests for the subordination of the Government's lien on after-acquired property which will enable borrowers to obtain financing from private lenders for purposes provided in the Act: Provided, however, that property integral to the operation of projects financed with loans made or guaranteed by RUS shall be financed with funds obtained through lien accommodations instead of lien subordinations, unless the Administrator determines that it is in the Government's interest to do otherwise.
