(a) *Routine charges and fees.* The Lender may establish the charges and fees for the loan, provided they are the same as those charged other applicants for similar types of transactions.

(2) *Routine.* They are routinely made by the Lender in similar types of loan transactions.

(3) *Payments received.* Payments have not been received within the customary time frame allowed by the Lender. The term "payment received" means that the payment in cash, check, money order, or similar medium has been received by the Lender at its main office, branch office, or other designated place of payment.

(4) *Calculating charges.* The Lender does not change the rate or method of calculating the late payment charges to increase charges while the loan note guarantee is in effect.

(5) *Interest-assisted loans.* The Lender will not penalize or charge any fee to the borrower when the only delinquency is a loan subsidy payment, which the Lender is entitled to but has not received.

(a) *Lease payments.* Payments made on a lease will not be guaranteed.

(b) *Loans made by other Federal agencies.* Loans made by other Federal agencies will not be guaranteed. This also does not preclude loans made by state or local government agencies assisted by a Federal agency.

§ 1980.331 Collateral.

(a) *General.* The entire loan must be secured by a first lien on the property being financed (second lien when the loan is for a subsequent loan to an existing borrower or there is a transfer and assumption of an existing loan) and the Lender will maintain this lien priority. The Lender is responsible for assurance that proper and adequate security interest is obtained, maintained in existence, and of record to protect the interests of the Lender and RHS.

(b) *Third party liens, suits pending, etc.* Among other things in obtaining the required security, it is necessary to ascertain that there are no adverse claims or liens against the property or the borrower, and that there are no suits pending or anticipated that would affect the property or the borrower.

(c) *All collateral must secure the entire loan.* The Lender will not take separate collateral, including but not limited to mortgage insurance, to secure that portion of the loss not covered by the guarantee.

§ 1980.332 [Reserved]

The Lender is responsible for determining that the security instruments are adequate and are properly maintained of record.

§ 1980.334 Appraisal of property serving as collateral.

An appraisal of all property serving as security for the proposed loan will be completed and submitted to RHS for review with the request for loan guarantee. The Lender may pass the cost of the appraisal on to the borrower. The appraisal must have been completed within 6 months of the date the request for a conditional commitment is submitted to RHS.

(a) *Qualified appraiser.* The Lender will use an appraiser that is properly licensed or certified, as appropriate, to make residential real estate appraisals in accordance with the criteria set forth by the Appraiser Qualification Board (AQB) of the Appraisal Foundation regardless of the amount of the loan. Appraisers may not discriminate against any person in making or performing appraisal services because of race, color, familial status, religion, sex, age, disability, or national origin.

(b) *Appraisal report.* Residential appraisals will be completed using the sales comparison (market) and cost approach to market value.

(1) *URAR.* The appraiser will use the most recent revision of the URAR.

(i) The "Estimated Reproduction Cost-New of Improvements" section of the form must be completed when the dwelling is less than 1 year old.

(ii) Not less than three comparable sales, which are not more than 12 months old, will be used unless the appraiser provides documentation that such comparables are not available in the area. Comparable sales should be located as close as possible to the subject dwelling. When the need arises to use a comparable sale that is a considerable distance from the subject, the appraiser must use his or her knowledge of the area and apply good judgment in selecting comparable sales that are the best indicators of value for the subject property.

(2) *Supporting documentation.* A narrative explanation supporting unusual adjustments must be attached to the appraisal.

(3) *Photographs.* The appraisal report must include photographs which clearly provide front, rear, and street scene views of the subject property, and a front view for each comparable sale used in the completion of the appraisal.
