

§ 1980.444

7 CFR Ch. XVIII (1-1-09 Edition)

assigned to acceptable accounts receivable; however, all accounts over 90 days past due, contra accounts, affiliated accounts and other accounts deemed, by the FmHA or its successor agency under Public Law 103-354 official, not to be collateral will be omitted. Calculations to determine the percentage to be applied in the analysis are to be based on the realizable value of the accounts receivable taken from a current aging of accounts receivable from the borrower's most recent financial statement.

4. A maximum of 60 percent of book value will be assigned to inventory.

5. Collateral value assigned to machinery and equipment, furniture and fixtures will be based upon its marketability, mobility, useful life and alternative uses, if any.

B. Par (b). The State Director will assure that the collateral values and personal and corporate guarantees are fully reviewed, analyzed and the loan file is documented as to the facts and reasons for decisions reached.

§ 1980.444 Appraisal of property serving as collateral.

(a) Appraisal reports prepared by independent qualified fee appraisers will be required on all property that will serve as collateral. In the case of loans two million dollars or less, the State Director may modify this requirement by permitting the appraisal to be made by a qualified appraiser on the lender's staff with experience appraising the type of collateral involved. The appraisers will give their opinion regarding the current market value of the collateral and the purpose for which the appraisal will be used. The lender will be responsible for assuring that appropriate appraisals are made.

(b) The lender will be responsible for determining that appraisers have the necessary qualifications and experience to make the appraisals. The lender will consult with FmHA or its successor agency under Public Law 103-354 for its recommendations before having the appraisal made.

(c) The lender will determine that the fees or charges of appraisers are reasonable.

(d) Independent appraisals will be made in accordance with the accepted format of the industry and those prepared by the lender in accordance with its policy and procedures. All appraisals will become part of the application. (See § 1980.541(i)(6) of this subpart.)

(e) If a subsequent loan request is made within 3 years from the date of the most recent borrower's appraisal report, and there is no significant change in collateral, then the FmHA or its successor agency under Public Law 103-354 State Director in his/her discretion, and if the lender agrees, may use the existing appraisal report in lieu of having a new appraisal prepared.

[52 FR 6501, Mar. 4, 1987, as amended at 53 FR 40401, Oct. 17, 1988]

§ 1980.445 Periodic financial statements and audits.

All borrowers will be required to submit periodic financial statements to the lender. Lenders must forward copies of the financial statements and the lender's analysis of the statements to the Agency.

(a) *Audited financial statements.* Except as provided in paragraphs (d) and (e) of this section, all borrowers with a total principal and interest loan balance for loans under this subpart, at the end of the borrower's fiscal year of more than \$1 million, must submit annual audited financial statements. The audit must be performed in accordance with generally accepted accounting principles (GAAP). In addition, the audits are also to be performed in accordance with appropriate Office of Management and Budget (OMB) circulars and any Agency requirements specified in this subpart.

(b) *Unaudited financial statements.* For borrowers with a loan balance (principal plus interest at year-end) of \$1 million or less, the Agency will require annual financial statements which may be statements compiled or reviewed by an accountant qualified in accordance with the publication "Standards for Audit of Governmental Organizations, Programs, Activities and Functions" instead of audited financial statements.

(c) *Internal financial statements.* The Agency may require submission of financial statements prepared by the borrower at whatever frequency is determined necessary to adequately monitor the loan. Quarterly financial statements will be required on new business enterprises or those needing close monitoring.
