projects or programs currently or previously funded by the Federal government. Provided, such other use will not interfere with the work on the original project or program. First preference for such use, however, shall be given to other projects or programs funded by the same USDA awarding agency.

(c) *Use by other recipients.* When the recipient can no longer use the equipment as required by paragraph (a) of this section, it may voluntarily make the equipment available for use on projects or programs currently or previously funded by the Federal government which the recipient is supporting through subgrants or through non-Federal grants. A subrecipient may also voluntarily make the equipment available for use in projects or programs currently or previously funded by the Federal government which are being conducted or supported by the recipient.

(d) *Other uses.* Unless the awarding agency provides otherwise, while equipment is being used as described in the preceding paragraphs of this section, it may also be used part-time for other purposes. The use as described in the previous paragraphs, however, shall be given priority over other uses.

§ 3015.167 Replacement of equipment.

(a) If needed, equipment may be exchanged for replacement equipment. Replacement of equipment may be done either through trade-in or through sale and application of the proceeds to the acquisition cost of replacement equipment. In either case, the transaction must be one which a prudent person would make in like circumstances.

(b) If an additional outlay to acquire the replacement equipment is charged as a direct cost to either Federal funds or required cost-sharing or matching under a Federal award, the replacement equipment shall be subject to whatever property requirements or exemptions are applicable to that award. If the award is a grant from USDA, the full acquisition cost of the replacement equipment shall determine which provisions of this subpart apply.

(c) For any replacement not covered by paragraph (b) of this section, the provisions of this subpart applicable to

7 CFR Ch. XXX (1-1-10 Edition)

the equipment replaced shall carry over to the replacement equipment. None of the provisions of this subpart shall carry over if (1) the Federal share of the equipment replaced was 10 percent or less or (2) the product of that share times the amount received for trade-in or sale is \$100 or less.

§ 3015.168 Disposal of equipment.

When original or replacement equipment is no longer to be used in projects or programs currently or previously sponsored by the Federal government, disposal of the equipment shall be made as follows:

(a) Equipment with a unit acquisition cost of less than \$1,000 may be sold, retained or otherwise disposed of with no further obligation to the Federal government.

(b) All other equipment may be retained or sold. The Federal government shall have a right to an amount calculated by multiplying the current market value or proceeds from sale by the Federal share of the equipment (see § 3015.172). If part of the Federal share of the equipment came from an award under which the exemptions in § 3015.164 were applicable, the amount due shall be reduced pro rata. In any case, if the equipment is sold, \$100 or 10 percent of the total sales proceeds, whichever is greater, may be deducted and retained from the amount otherwise due for selling and handling expenses. If the recipient's project or program for which or under which the equipment was acquired is still receiving grant support from the same Federal program and if the awarding agency approves, the net amount due may be used for allowable costs of that project or program. Otherwise, the net amount must be returned to the awarding agency by check or money order.

§ 3015.169 Equipment management requirements.

Recipient procedures for managing equipment shall, as a minimum, meet the following requirements (including replacement equipment) until such actions as transfer, replacement or disposal takes place:

(a) Property records shall be maintained accurately. (Subpart D of this
