

§ 3402.12

§ 3402.12 Project summary.

Using the Project Summary, Form CSREES-2003, applicants must summarize the proposed graduate program of study and/or the academic and research strengths of the institution in the national need area for which funding is requested. To the extent possible, applicants should emphasize the uniqueness of the proposed program of training. The summary should not include any reference to the specific number of fellowships requested. The information on Form CSREES-2003 will be used in assigning the most appropriate panelists to review an application. If an application is supported, this Form may be used in program publications.

§ 3402.13 National need narrative.

HEP will determine the composition of the narrative for each competition, including page limits, font size, the number and the order of sections, and other supporting information that may be required. Detailed instructions for preparing the narrative will be published in the solicitation.

§ 3402.14 Budget and budget narrative.

Applicants must prepare the Budget, Form CSREES-2004, and a budget narrative identifying all costs associated with the application. Instructions for completing the Budget are provided with the form.

§ 3402.15 Faculty vitae.

This section should include a Summary Vita, no more than 2 pages excluding publications listing, for each faculty member contributing significantly to institutional competence at the level of graduate study for the national need area addressed in the application. Applicants should arrange the faculty vitae with the Project Director(s) first, followed by the remaining faculty, in alphabetical order.

§ 3402.16 Appendix.

Any additional supporting information deemed essential to enhancing the application should be included in an Appendix and referenced in the national need narrative.

7 CFR Ch. XXXIV (1-1-10 Edition)

Subpart D—Submission and Evaluation of an Application

The solicitation will indicate the date for submission of applications and the number of application copies required to apply for a grant. In addition, the solicitation will provide the address to which the application, the required number of accompanying duplicate copies, and any other required forms and materials should be sent.

§ 3402.18 Evaluation criteria.

Applications addressing a particular national need area at a particular Fellowship level (master's, doctoral or postdoctoral) will be evaluated in competition with other applications addressing the same national need area at the same level. Both USDA internal staff and the panelists will evaluate applications on the basis of the criteria published in the solicitation.
