This type of application has also been submitted for renewal under the same program but was not approved. For competitive programs, this type of application is evaluated in competition with other pending applications in the area to which it is assigned. Resubmitted renewal applications are reviewed according to the same evaluation criteria as new applications. Applicants must respond to the previous panel review summaries and file a progress report via CRIS, unless waived by CSREES.

(b) *Types of award instruments.* The following is a list of corresponding categories of award instruments issued by CSREES.

(1) *Standard.* This is an award instrument by which CSREES agrees to support a specified level of effort for a predetermined project period without the announced intention of providing additional support at a future date.

(2) *Renewal.* This is an award instrument by which CSREES agrees to provide additional funding under a standard award as specified in paragraph (b)(1) of this section for a project period beyond that approved in an original or amended award, provided that the cumulative period does not exceed any statutory time limitation of the award.

(3) *Continuation.* This is an award instrument by which CSREES agrees to support a specified level of effort for a predetermined period of time with a statement of intention to provide additional support at a future date, provided that performance has been satisfactory, appropriations are available for this purpose, and continued support would be in the best interest of the Federal Government and the public.

(4) *Supplemental.* This is an award instrument by which CSREES agrees to provide small amounts of additional funding under a standard, renewal, or continuation award as specified in paragraphs (b)(1), (b)(2), and (b)(3) of this section and may involve a short-term (usually six months or less) extension of the project period beyond that approved in an original or amended award, but in no case may the cu-

(c) *Obligation of the Federal Government.* Neither the acceptance of any application nor the award of any project shall commit or obligate the United States in any way to make any renewal, supplemental, continuation, or other award with respect to any approved application or portion of an approved application.
