

the standards for fund control and accountability.

§ 3430.52 Cost sharing and matching.

(a) *General.* Awardees may be required to match the Federal funds received under a CSREES award. The required percentage of matching, type of matching (*e.g.*, cash and/or in-kind contributions), sources of match (*e.g.*, non-Federal), and whether CSREES has any authority to waive the match will be specified in the subpart applicable to the specific Federal assistance program, as well as in the RFA.

(b) *Indirect Costs as in-kind matching contributions.* Indirect costs may be claimed under the Federal portion of the award budget or, alternatively, indirect costs may be claimed as a matching contribution (if no indirect costs are requested under the Federal portion of the award budget). However, unless explicitly authorized in the RFA, indirect costs may not be claimed on both the Federal portion of the award budget and as a matching contribution, unless the total claimed on both the Federal portion of the award budget and as a matching contribution does not exceed the maximum allowed indirect costs or the institution's negotiated indirect cost rate, whichever is less. An awardee may split the allocation between the Federal and non-Federal portions of the budget only if the total amount of indirect costs charged to the project does not exceed the maximum allowed indirect costs or the institution's negotiated indirect cost rate, whichever is less. For example, if an awardee's indirect costs are capped at 22 percent pursuant to section 1462(a) of NARETPA (7 U.S.C. 3310(a)), the awardee may request 11 percent of the indirect costs on both the Federal portion of the award and as a matching contribution. Or, the awardee may request any similar percentage that, when combined, does not exceed the maximum indirect cost rate of 22 percent.

§ 3430.53 Program income.

(a) *General.* CSREES shall apply the standards set forth in this subpart in requiring awardee organizations to account for program income related to

projects financed in whole or in part with Federal funds.

(b) *Addition method.* Unless otherwise provided in the authorizing statute, in accordance with the terms and conditions of the award, program income earned during the project period shall be retained by the awardee and shall be added to funds committed to the project by CSREES and the awardee and used to further eligible project or program objectives. Any specific program deviations will be identified in the individual subparts.

(c) *Award terms and conditions.* Unless the program regulations identified in the individual subpart provide otherwise, awardees shall follow the terms and conditions of the award.

§ 3430.54 Indirect costs.

Indirect cost rates for grants and cooperative agreements shall be determined in accordance with the applicable assistance regulations and cost principles, unless superseded by another authority. Use of indirect costs as in-kind matching contributions is subject to § 3430.52(b).

§ 3430.55 Technical reporting.

(a) *Requirement.* All projects supported with Federal funds under this part must be documented in the Current Research Information System (CRIS).

(b) *Initial Documentation in the CRIS Database.* Information collected in the "Work Unit Description" (Form AD-416) and "Work Unit Classification" (Form AD-417) is required upon project initiation for all new awards in CRIS (*i.e.*, prior to award).

(c) *Annual CRIS Reports.* Unless stated differently in the award terms and conditions, an annual "Accomplishments Report" (Form AD-421) is due 90 calendar days after the award's anniversary date (*i.e.*, one year following the project period begins and each year thereafter up until a final report is required). An annual report covers a one-year period. In addition to the Form AD-421, the following information, when applicable, must be submitted to the programmatic contact person identified in block 14 of the Award Face
