§ 3430.62 Award appeals procedures.

(a) General. CSREES permits awardees to appeal certain post-award adverse administrative decisions made by CSREES. These include: termination, in whole or in part, of an award for failure of the awardee to carry out its approved project in accordance with the applicable law and the terms and conditions of award or for failure of the awardee otherwise to comply with any law, regulation, assurance, term, or condition applicable to the award; denial (withholding) of a non-competing continuation award for failure to comply with the terms of a previous award; and determination that an award is void (i.e., a decision that an award is invalid because it was not authorized by statute or regulation or because it was fraudulently obtained). Appeals of determinations regarding the allowability of costs are subject to the procedures in §3430.59.

(b) Appeal Procedures. The formal notification of an adverse determination will contain a statement of the awardee's appeal rights. As the first level in appealing an adverse determination, the awardee must submit a request for review to the CSREES official specified in the notification, detailing the nature of the disagreement with the adverse determination and providing supporting documents in accordance with the procedures contained in the notification. The awardee’s request to CSREES for review must be received within 60 days after receipt of the written notification of the adverse determination; however, an extension may be granted if the awardee can show good cause why an extension is warranted.

(c) Decision. If the CSREES decision on the appeal is adverse to the awardee or if an awardee’s request for review is rejected, the awardee then has the option of submitting a request to the CSREES OEP Deputy Administrator for further review. The decision of the CSREES OEP Deputy Administrator is considered final.

§ 3430.63 Expiring appropriations.

(a) CSREES awards supported with agency appropriations. Most CSREES awards are supported with agency appropriations. On September 30th of the 5th fiscal year after the period of availability for obligation ends, the funds for these appropriations accounts expire per 31 U.S.C. 1552 and the account is closed, unless otherwise specified by law. Funds that have not been drawn through DHHS–PMS, ASAP, or other electronic payment system by the awardee or disbursed through any other system or method by August 31st of that fiscal year are subject to be returned to the U.S. Department of the Treasury after that date. The August 31st requirement also applies to awards with a 90-day period concluding on a date after August 31st of that fifth year. Appropriations cannot be restored after expiration of the accounts. More specific instructions are provided in the CSREES award terms and conditions.

(b) CSREES awards supported with funds from other Federal agencies (reimbursable funds). CSREES may require that all draws and reimbursements for awards supported with reimbursable funds (from other Federal agencies) be completed prior to June 30th of the 5th fiscal year after the period of availability for obligation ends to allow for the proper billing, collection, and close-out of the associated interagency agreement before the appropriations expire. The June 30th requirement also applies to awards with a 90-day period concluding on a date after June 30th of that fifth year. Appropriations cannot be restored after expiration of the accounts. More specific instructions are provided in the CSREES award terms and conditions.

Subpart F—Specialty Crop Research Initiative

§ 3430.200 Applicability of regulations.

The regulations in this subpart apply to the program authorized under section 412 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7632).

§ 3430.201 Purpose.

(a) Focus areas. The purpose of this program is to address the critical needs of the specialty crop industry by developing and disseminating science-based tools to address needs of specific crops...
