Rural Housing Service, USDA

§ 3575.90

(3) The lender will confirm that the transaction can be properly transferred and the conveyance instruments will be filed, registered, or recorded as appropriate and legally permissible.

(4) The assumption will be made on the lender’s form of Assumption Agreement and will contain the Agency case number of the transferor and transferee.

(5) Loan terms cannot be changed by the Assumption Agreement unless previously approved in writing by the Agency with the concurrence of holder and the transferor (including guarantor if it has not been released from personal liability). Any new loan terms cannot exceed those authorized in this subpart. The lender’s request will be supported by:

(i) An explanation of the reasons for the proposed change in the loan terms, and

(ii) Certification that the lien position securing the guaranteed loan will be maintained or improved, and proper hazard insurance will be continued in effect.

(6) In the case of a transfer and assumption, it is the lender’s responsibility to see that all such transfers and assumptions will be noted on all originals of the Loan Note Guarantee. The lender will provide the Agency a copy of the Transfer and Assumption Agreement.

(7) If a loss should occur upon a complete transfer of assets and assumption for less than the full amount of the debt and the transferor-debtor (including personal guarantor) is released from personal liability (as provided in paragraph (e) of this section), the lender must file an estimated Report of Loss to recover their pro rata share of the actual loss at that time. Approved protective advances and accrued interest made during the arrangement of a transfer and assumption, if not assumed by the transferee, will be entered on the estimated Report of Loss.

§ 3575.90 Disposition of acquired property.

(a) General. When the lender acquires title to the collateral and the final loss claim is not paid until final disposition, the lender must proceed as quickly as possible to develop a plan to fully protect the collateral, and the lender must dispose of the collateral without delay.

(b) Re-title collateral. Any collateral accepted by the lender must not be titled in the Agency’s name in whole or in part. The Agency’s position is that of a guarantor relating to losses, not a lender.

(c) Collateral preservation. After acquiring the collateral, the lender must protect the collateral from deterioration (weather, vandalism, etc.). Hazard insurance in an amount necessary to cover the fair market value of the collateral must be maintained.

(d) Collateral sale. (1) The lender will prepare and submit to the Agency a plan on the best method of sale, keeping in mind any prospective purchasers. The Agency must approve the plan in writing. If an existing approved liquidation plan addresses the disposition of acquired property, no further
review is required unless modification of the plan is needed.

(2) Anytime there is a case when the conversion of collateral to cash can reasonably be expected to result in a negative net recovery amount, abandonment of the collateral should be considered. The Agency must approve abandonment in writing.

§§ 3575.91–3575.93 [Reserved]

§ 3575.94 Determination and payment of loss.

In all liquidation cases, final settlement will be made with the lender after the collateral is liquidated. The Agency will have the right to recover losses paid under the guarantee from any liable party.

(a) General. If the lender takes title to collateral, any loss will be based on the collateral value at the time the lender obtains title.

(b) Loss calculations. The Report of Loss form (available in any Agency office) will be used for calculations of all estimated and final loss determinations. Estimated loss payments may only be approved after the lender has submitted a liquidation plan approved by the Agency.

(c) Estimated loss payments. When the lender is conducting the liquidation and owns any of the guaranteed portion of the loan, it may request an estimated loss payment by submitting an estimate of loss that will occur in connection with liquidation of the loan. An estimated loss payment may be approved after the Agency has approved the liquidation plan.

(1) The lender will prepare and submit a Report of Loss using the appraised value in lieu of amount received from sale of collateral.

(2) The estimated loss payment shall be calculated as of the date of such payment. The total amount of the loss payment remitted by the Agency will be applied by the lender on the guaranteed portion of the loan debt. Such application does not release the borrower from liability. At the time of final loss settlement, the lender may notify the borrower that the loss payment has been so applied.

(3) After liquidation has been completed, a final Report of Loss will be submitted by the lender to the Agency.

(d) Final report of loss. In all cases, a final Report of Loss must be submitted to the Agency. Before Agency approval of any final loss report, the lender must account for all funds obtained, disposition of the collateral, all costs incurred, and any other information necessary for the successful completion of liquidation. Upon receipt of the final accounting and Report of Loss, the Agency may conduct an audit and determine the final loss. The lender will make its records available to, and otherwise assist, the Agency in making any audit it requires of the Report of Loss. The documentation accompanying the Report of Loss must support the loss claimed.

(1) The lender must document and show that all of the collateral has been accounted for and properly liquidated and that liquidation proceeds have been properly accounted for and applied correctly on the loan. The Agency must be satisfied that the lender has accomplished this in the manner contained herein and that the lender has maximized the collections in conducting the liquidation.

(2) The lender must show a breakdown on any protective advance amount as to the payee, purpose of the expenditure, date paid, evidence that the amount expended was proper, and that the amount was actually paid.

(3) The lender must show a breakdown of liquidation expenses as to the payee, purpose of the expenditure, date paid, evidence that the amount expended was proper, and that the amount was actually paid.

(4) Accrued interest should be supported by attachments showing how the amount was accrued by the lender. A copy of the promissory note and ledger will be attached. If the interest rate was a variable rate, the lender must include documentation of changes in the selected base rate and when the changes in the loan rate became effective.

(e) Liquidation income. Any net rental or other income that has been received by the lender from the collateral will be applied on the guaranteed loan debt.
