

**§ 4279.120 Fees and charges.**

(a) *Routine lender fees.* The lender may establish charges and fees for the loan provided they are similar to those normally charged other applicants for the same type of loan in the ordinary course of business.

(b) *Professional services.* Professional services are those rendered by entities generally licensed or certified by States or accreditation associations, such as architects, engineers, packagers, accountants, attorneys, or appraisers. The borrower may pay fees for professional services needed for planning and developing a project provided that the amounts are reasonable and customary in the area. Professional fees may be included as an eligible use of loan proceeds.

**§§ 4279.121–4279.124 [Reserved]****§ 4279.125 Interest rates.**

The interest rate for the guaranteed loan will be negotiated between the lender and the applicant and may be either fixed or variable as long as it is a legal rate. Interest rates will not be more than those rates customarily charged borrowers in similar circumstances in the ordinary course of business and are subject to Agency review and approval. Lenders are encouraged to utilize the secondary market and pass interest-rate savings on to the borrower.

(a) A variable interest rate agreed to by the lender and borrower must be a rate that is tied to a base rate agreed to by the lender and the Agency. The variable interest rate may be adjusted at different intervals during the term of the loan, but the adjustments may not be more often than quarterly and must be specified in the Loan Agreement. The lender must incorporate, within the variable rate Promissory Note at loan closing, the provision for adjustment of payment installments coincident with an interest-rate adjustment. The lender will ensure that the outstanding principal balance is properly amortized within the prescribed loan maturity to eliminate the possibility of a balloon payment at the end of the loan.

(b) Any change in the interest rate between the date of issuance of the

Conditional Commitment and before the issuance of the Loan Note Guarantee must be approved in writing by the Agency approval official. Approval of such a change will be shown as an amendment to the Conditional Commitment.

(c) It is permissible to have one interest rate on the guaranteed portion of the loan and another rate on the unguaranteed portion of the loan provided that the rate on the guaranteed portion does not exceed the rate on the unguaranteed portion.

(d) A combination of fixed and variable rates will be allowed.

**§ 4279.126 Loan terms.**

(a) The maximum repayment for loans on real estate will not exceed 30 years; machinery and equipment repayment will not exceed the useful life of the machinery and equipment purchased with loan funds or 15 years, whichever is less; and working capital repayment will not exceed 7 years. The term for a loan that is being refinanced may be based on the collateral the lender will take to secure the loan.

(b) The first installment of principal and interest will, if possible, be scheduled for payment after the project is operational and has begun to generate income. However, the first full installment must be due and payable within 3 years from the date of the Promissory Note and be paid at least annually thereafter. Interest-only payments will be paid at least annually from the date of the note.

(c) Only loans which require a periodic payment schedule which will retire the debt over the term of the loan without a balloon payment will be guaranteed.

(d) A loan's maturity will take into consideration the use of proceeds, the useful life of assets being financed, and the borrower's ability to repay the loan. The lender may apply the maximum guidelines specified above only when the loan cannot be repaid over a shorter term.

(e) All loans guaranteed through the B&I program must be sound, with reasonably assured repayment.
