§ 160.24a Inspection as to condition of drums containing rosin and the quality and condition of the rosin therein upon request.

Before or after the shipment in commerce of any lot of rosin in drums from a processing or storage point, and upon request by an interested person, an inspection may be made by an official inspector of the external appearance of the drums, and a report may be made by such inspector, on the basis of such inspection, of the condition, including soundness, of the drums with reference to the effect thereof upon the quality, and preservation of the quality, of the rosin in the drums. In conjunction with such service, when practicable, the inspector may upon similar request determine and certify the grade, class, other quality, or condition of the rosin within the drums, and report the internal condition of the drums, under any applicable standards and procedural instructions issued to such inspector by the Administrator. Certificates and reports issued under this section will be furnished only to the interested person requesting the service. Fees and charges for service under this section shall be paid by such interested person in accordance with §§160.201, 160.202, and 160.204.

[20 FR 6433, Sept. 1, 1955]

§ 160.26 Withdrawal of request.

A request for service under the provisions in this part may be withdrawn at any time before the service has been completed, on notice to the official inspector: Provided, however, That the interested person shall reimburse the United States for the time spent and any expenses incurred prior to receipt of such withdrawal notice.

§ 160.27 Containers to be made ready.

The interested person shall cause the naval stores to be made available, and shall provide any held required to remove the bungs or heads, or otherwise open the containers for sampling, to spike the rosin or extract the sampler devices from the barrels or drums, to rebung or otherwise close the containers, to handle the commodity for weighing, and to mark the containers at the direction of the official inspector.

§ 160.28 Tank cars of turpentine.

A tank car loaded for shipment with spirits of turpentine shall, after the same has been sampled for analysis, classification, and certification, be sealed by the official inspector. Any certificate issued thereon prior to shipment shall be valid only for a reasonable time to permit arrival at destination, and only so long as the seals placed thereon by the inspector remain unbroken.

§ 160.29 Containers to remain intact.

The results of any analysis, classification, or grading of naval stores will be certifiable only if the containers holding such naval stores remain intact as sampled until the analysis, classification, or grading has been completed and the results reported, except when the container is a tank car subject to demurrage.

§ 160.30 Contents of containers to be designated.

Prior to inspection at the request of the producer, containers of naval stores, other than tank cars, shall have marked thereon a designation by such producer of the kind or identity of the
