This shall include an accounting for all property and other assets and all Program funds received and expended each fiscal year.

(b) *Internal control.* The State agency shall maintain effective control over and accountability for all Program grants and funds. The State agency

must have effective internal controls to ensure that expenditures financed with Program funds are authorized and properly chargeable to the Program.

(c) *Record of expenditures.* The State agency shall maintain records which adequately identify the source and use of funds expended for Program activities. These records shall contain, but are not limited to, information pertaining to authorization, receipt of funds, obligations, unobligated balances, assets, liabilities, outlays, and income.

(d) *Payment of costs.* The State shall implement procedures which ensure prompt and accurate payment of allowable costs, and ensure the allowability and allocability of costs in accordance with the cost principles and standard provisions of this part, 7 CFR part 3016, and FNS guidelines and instructions.

[50 FR 6121, Feb. 13, 1985; 50 FR 8098, Feb. 28, 1985, as amended at 65 FR 83286, Dec. 29, 2000]

### § 246.14 Program costs.

(a) *General.* (1) The two kinds of allowable costs under the Program are “food costs” and “nutrition services and administration costs.” In general, costs necessary to the fulfillment of Program objectives are to be considered allowable costs. The two types of nutrition services and administration costs are:

(i) *Direct costs.* Those direct costs that are allowable under 7 CFR part 3016.

(ii) *Indirect costs.* Those indirect costs that are allowable under 7 CFR part 3016. When computing indirect costs, food costs may not be used in the base to which the indirect cost rate is applied. In accordance with the provisions of 7 CFR part 3016, a claim for indirect costs shall be supported by an approved allocation plan for the determination of allowable indirect costs.

(2) Program funds may not be used to pay for retroactive benefits. Except as provided in paragraph (e) of this section and §§ 246.16(g) and 246.16(h) of this part, funds allocated by FNS for food purchases may not be used to pay nutrition services and administration costs. However, nutrition services and administration funds may be used to pay for food costs.

(b) *What costs may I charge to the food grant?* (1) The State agency may use food funds for costs of:

(i) Acquiring supplemental foods provided to State or local agencies or participants, whichever receives the supplemental food first;

(ii) Warehousing supplemental foods; and

(iii) Purchasing and renting breast pumps.

(2) For costs to be allowable, the State agency must ensure that food costs do not exceed the customary sales price charged by the vendor, home food delivery contractor, or sup-

plier in a direct distribution food delivery system. In addition, food costs may not exceed the price limitations applicable to the vendor.

(c) *Specified allowable nutrition services and administration costs.* Allowable nutrition services and administration (NSA) costs include the following:

(1) The cost of nutrition education and breastfeeding promotion and support which meets the requirements of § 246.11. During each fiscal year, each State agency shall expend, for nutrition education activities and breastfeeding promotion and support activities, an aggregate amount that is not less than the sum of one-sixth of the amount expended by the State agency for costs of NSA and an amount equal to its proportionate share of the national minimum expenditure for breastfeeding promotion and support activities. The amount to be spent on nutrition education shall be computed by taking one-sixth of the total fiscal year NSA expenditures. The amount to be spent by a State agency on breastfeeding promotion and support activities shall be an amount that is equal to at least its proportionate share of the national minimum breastfeeding promotion expenditure as specified in paragraph (c)(1) of this section. The national minimum expenditure for breastfeeding promotion and support activities shall be equal to \$21 multiplied by the number of pregnant and breastfeeding women in the Program, based on the average of the last three months for which the Department has final data. On October 1, 1996 and each October 1 thereafter, the \$21 will be adjusted annually using the same inflation percentage used to determine the national administrative grant per person. If the State agency's total reported nutrition education and breastfeeding promotion and support expenditures are less than the required amount of expenditures, FNS will issue a claim for the difference. The State agency may request prior written permission from FNS to spend less than the required portions of its NSA grant for either nutrition education or for breastfeeding promotion and support
