Program Management

§ 550.26 Monitoring program performance.

(a) Cooperators are responsible for managing the day-to-day operations of REE nonassistance awards using their established controls and policies, as long as they are consistent with REE requirements. However, in order to fulfill their role in regard to the stewardship of Federal funds, REE Agencies monitor their agreements to identify potential problems and areas where technical assistance might be necessary. This active monitoring is accomplished through review of reports and correspondence from the cooperators, audit reports, site visits, and other information available to the REE Agency. It is the responsibility of the Cooperator to ensure that the project is being performed in compliance with the terms and conditions of the award.
