

§ 932.40

7 CFR Ch. IX (1-1-10 Edition)

throughout the period it is in effect irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) The Secretary shall fix the rate of assessment to be paid by each such handler during a fiscal year in an amount designed to secure sufficient funds to cover the expenses which may be incurred during such period. At any time during or after the fiscal year, the Secretary may increase the rate of assessment in order to secure sufficient funds to cover any later finding by the Secretary relative to the expenses which may be incurred. Such increase shall be applied to all olives handled during the applicable crop year. In order to provide funds for the administration of the provisions of this part during the first part of a fiscal year before sufficient operation income is available from assessments, the committee may accept the payment of assessments in advance, and may also borrow money for such purpose.

(c) Any assessment not paid by a handler within a period of time prescribed by the committee may be subject to an interest or late payment charge, or both. The period of time, rate of interest and late payment charge shall be as recommended by the committee and approved by the Secretary. Subsequent to such approval, all assessments not paid within the prescribed period of time shall be subject to an interest or late payment charge or both.

§ 932.40 Accounting.

(a) If, at the end of a fiscal year, the assessments collected are in excess of expenses incurred, such excess shall be accounted for in accordance with one of the following:

(1) If such excess is not retained in a reserve as provided in paragraph (a)(2) of this section, the committee shall refund or credit to handler accounts the aforesaid excess. Each handler's share of such excess funds shall be the amount of assessments such handler has paid in excess of such handler's pro rata share of the actual net expenses of the committee for such fiscal year. Excess funds may be used temporarily by

the committee to defray expenses of the subsequent fiscal year: *Provided*, That each handler's share of such excess shall be made available to the handler by the committee within five months after the end of the fiscal year.

(2) The committee, with the approval of the Secretary, may carry over such excess into subsequent fiscal years as a reserve: *Provided*, That funds already in the reserve do not exceed approximately one fiscal year's expenses. Such reserve funds may be used for any expenses authorized pursuant to § 932.38 and for necessary expenses of liquidation in the event of termination of this part. Upon such termination, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practicable, such funds shall be returned pro rata to the persons from whom such funds were collected.

(b) All funds received by the committee pursuant to the provisions of this part shall be used solely for the purpose specified in this part and shall be accounted for in the manner provided in this part. The Secretary may at any time require the committee and its members to account for all receipts and disbursements.

(c) Upon the removal or expiration of the term of office of any member of the committee, such member shall account for all receipts and disbursements and deliver all property and funds in his possession to the committee, and shall execute such assignments and other instruments as may be necessary or appropriate to vest in the committee full title to all of the property, funds, and claims vested in such member pursuant to this part.

RESEARCH AND DEVELOPMENT

§ 932.45 Production research and marketing research and development projects.

(a) The following activities of the committee are authorized under this section.

(1) The committee may, with the approval of the Secretary, establish or

Agricultural Marketing Service, USDA

§ 932.50

provide for the establishment of production research, and marketing research and development projects designed to assist, improve or promote the marketing, distribution, and consumption or efficient production of California olives. Such projects may provide for any marketing research and development projects designed to assist, improve, or promote the marketing, distribution, and consumption or efficient production of California olives. Such projects may provide for any form of marketing promotion including paid advertising. The expenses of such research and projects shall be paid from funds collected pursuant to § 932.39 or from voluntary contributions. Voluntary contributions may be accepted by the committee only to pay the expenses of such projects: *Provided*, That the committee shall retain complete control over the use of such contributions which shall be free from any encumbrances.

(2) The committee, with the approval of the Secretary, may provide for crediting a portion of a handler's direct expenditures for paid brand advertising for olives. Such expenditures may include, but are not limited to, money spent for advertising space in magazines, newspapers, outdoor media and transit or time charges for radio and television. No handler shall receive credit in excess of such handler's pro rata share of the total monies allotted by the committee for brand advertising credit. Each advertisement must be published, broadcast or displayed during the fiscal year for which credit is requested. Before any creditable brand advertising may be undertaken pursuant to this paragraph (a)(2) of this section, the Secretary, upon recommendation by the committee, shall prescribe appropriate rules and regulations as are necessary to effectively regulate such activity.

(b) In recommending marketing research and development projects pursuant to this section, the committee shall give consideration to the following factors:

(1) The expected supply of olives in relation to market requirements;

(2) The supply situation among competing areas and commodities; and

(3) The need for marketing research with respect to any marketing development activity and the need for a coordinated effort with USDA's Plentiful Food Program.

(c) In recommending production research projects pursuant to this section, the committee shall give consideration to the extent and need for assistance to, and improvement of California olive production.

(d) If the committee should conclude that a program of production research, marketing research, or development should be undertaken or continued pursuant to this section in any fiscal year, it shall submit the following for the approval of the Secretary:

(1) Its recommendations as to funds to be obtained pursuant to § 932.39 or voluntary contributions;

(2) Its recommendations as to any production research or marketing research project; and

(3) Its recommendation as to promotion activity and paid advertising.

(e) The committee shall, as soon as practicable, prepare and mail reports on current production research and marketing research and development projects to the Secretary and make a copy of such reports available at the committee office for examination by producers, handlers, or other interested parties.

REGULATIONS

§ 932.50 Report of marketing policy.

At least 14 days prior to the start of each crop year (except that this period may be shortened by the committee not more than 5 days if warranted), the committee shall hold a meeting for the purpose of formulating a marketing policy for the coming crop year: *Provided*, That with respect to the 1982-83 crop year the committee shall hold a meeting for such purpose as soon as practicable. The committee shall prepare and submit to the Secretary promptly after each such meeting, a report setting forth its recommended marketing policy for the ensuing crop year. In the event it becomes advisable to modify such policy, because of
