RESEARCH

§ 985.31 Research and development projects.

The Committee, with the approval of the Secretary, may establish or provide for the establishment of production research, marketing research and development projects designed to assist, improve, or promote the marketing, distribution and consumption or efficient production of oil. The Committee shall consider ongoing research, by industry and grower organizations, in making its recommendations. The expense of such projects shall be paid from funds collected pursuant to § 985.41.

EXPENSES AND ASSESSMENTS

§ 985.40 Expenses.

The Committee is authorized to incur such expenses as the Secretary finds are reasonable and likely to be incurred by it for such purposes as the Secretary may, pursuant to this subpart, determine to be appropriate, and for the maintenance and functioning of the Committee during each marketing year. The Committee shall submit to the Secretary a budget for each marketing year, including an explanation of the items appearing therein, and a recommendation as to the rate of assessment for such year.

§ 985.41 Assessments.

(a) *Requirements for payment.* Each person who first handles salable oil shall pay to the Committee, upon demand, that handler's pro rata share of the expenses authorized by the Secretary for each marketing year. Each handler's pro rata share shall be the rate of assessment fixed by the Secretary times the quantity of oil which the handler handles as the first handler thereof. The payment of assessments for the maintenance and functioning of the Committee and for such purposes as the Secretary may, pursuant to this subpart, determine to be appropriate, may be required under this part throughout the period it is in effect, irrespective of whether particular provisions thereof are suspended or become inoperative.

(b) *Rate of assessment.* The Secretary shall fix the rate of assessment to be

paid by each handler. At any time during or after the marketing year, the Secretary may increase the rate of assessment as necessary to cover authorized expenses. Such increase shall be applied to all oil handled during the applicable marketing year. In order to provide funds for the administration of this part before sufficient operating income is available from assessments, the Committee may accept advance assessments and may also borrow money for such purpose. Advance assessments received from a handler shall be credited toward assessments levied against the handler during the marketing year.

§ 985.42 Accounting.

(a) *Excess funds.* At the end of a marketing year, funds in excess of the year's expenses may be placed in an operating reserve not to exceed approximately one marketing year's operational expenses or such lower limits as the Committee, with the approval of the Secretary, may establish. Funds in such reserve shall be available for use by the Committee for expenses authorized pursuant to § 985.40. Funds in excess of those placed in the operating reserve shall be refunded to handlers: *Provided*, That any sum paid by a first handler in excess of that handler's pro rata share of the expenses during any marketing year may be applied by the Committee at the end of such marketing year to any outstanding obligations due the Committee from such person. Each handler's share of such excess funds shall be the amount of assessments paid in excess of that handler's pro rata share.

(b) *Disposition of funds upon termination of order.* Upon termination of this part, any funds not required to defray the necessary expenses of liquidation shall be disposed of in such manner as the Secretary may determine to be appropriate: *Provided*, That to the extent practicable, such funds will be returned pro rata to the first handler from whom such funds were collected.
