and Inspection Branch or such other inspection service as may be recommended by the committee and approved by the Secretary. Handlers shall cause a copy of each inspection certificate to be furnished to the Committee.

VOLUME REGULATION

§ 987.43 Outlets and specifications for marketable dates.

Marketable dates shall not be handled or otherwise disposed of except as provided in this subpart. This shall not preclude dates of better grades or sizes being handled or otherwise disposed of in any outlet established for dates of lesser grades or sizes. The Committee, with the approval of the Secretary, may modify the designations specified in § 987.12 to reflect new major outlets and regulatory requirements needed because of changes in marketing conditions. Marketable dates shall include but not be limited to the following: DAC dates, Dates for further processing, Export dates, and Product dates.

§ 987.44 Free and restricted percentages.

(a) Whenever the Committee finds that the available supply of marketable dates of applicable grade and size available to supply the trade demand for free dates of any variety is likely to be excessive, and that limiting the volume of marketable dates to be handled as free dates through establishment of free and restricted percentages applicable to such variety of such dates would tend to effectuate the declared policy of the act, it shall recommend such percentages to the Secretary. If the Secretary finds, upon the basis of the Committee's recommendation and supporting data or other information available to him, that the establishment of such percentages would tend to effectuate the declared policy of the act, he shall establish such percentages. The sum of the free and restricted percentages for any crop year shall equal 100 percent.

(b) The dates handled by any handler in accordance with the provisions hereof shall be determined to be that handler's quota fixed by the Secretary

§ 987.45 Withholding restricted dates.

(a) Whenever free and restricted percentages for any variety of dates have been established for a crop year by the Secretary in accordance with § 987.44, each handler shall, at the time of having dates of such variety certified for handling as free dates (including those for further processing that are to be handled as free dates), withhold from handling a quantity of marketable dates of such variety having a weight equal to the restricted percentage for such variety referable to the dates so far certified. The withholding requirement shall not apply to dates certified for delivery directly to an excess supply removal program of the Secretary. The weight required to be withheld shall be determined by dividing the restricted percentage by the free percentage and applying the resultant withholding factor, rounded to the nearest one-tenth of one percent, to the weight of dates so certified. The withholding factor, computed as aforesaid, shall be established by the Secretary. When pitted dates are certified, the weight to be withheld shall be determined by dividing the weight of the pitted dates certified for handling or further processing by a divisor established by the Committee with the approval of the Secretary and applying the withholding factor.

(b) Compliance by any handler with the withholding of restricted dates may be deferred to any date not later than January 31 of any crop year, upon request to the Committee and when accompanied by a written undertaking that on or prior to such date, he will have fully satisfied his withholding obligation. Such undertaking shall be secured by a bond or bonds to be filed with, and acceptable to, the Committee and with a surety or sureties acceptable to the Committee, running in favor of the Committee and the Secretary in an amount conditioned upon full compliance with such undertaking. The amount shall be determined by
