§ 993.128

non-human use will be used only within such outlet.

[26 FR 8278, Sept. 2, 1961; 26 FR 8483, Sept. 9, 1961]

EFFECTIVE DATE NOTE: At 70 FR 30613, May 27, 2005, § 993.108 was suspended indefinitely.

§ 993.109 Modified definition of non-French prunes.

The definition of non-French prunes set forth in § 993.6 is modified to read as follows: *Non-French Prunes* means prunes commonly known as Imperial, Sugar, Robe de Sargent, Burton, Standard, Jefferson, Fellenberg, Italian, President, Giant, Hungarian (Gross), and Moyer, produced from such varieties of plums.

[38 FR 22887, Aug. 27, 1973]

PRUNE ADMINISTRATIVE COMMITTEE

§ 993.128 Nominations for membership.

(a) *Districts.* In accordance with the provisions of § 993.28, the districts referred to therein are described as follows:

District No. 1. The counties of Colusa, Glenn, Solano and Yolo.

District No. 2. That portion of Sutter County north of a line extending along Franklin Road easterly to the Yuba County line and westerly to the Colusa County line.

District No. 3. That portion of Sutter County south of a line extending along Franklin Road easterly to the Yuba County line and westerly to the Colusa County line.

District No. 4. The counties of Alpine, Amador, Del Norte, El Dorado, Humboldt, Lake, Lassen, Mendocino, Modoc, Napa, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra, Siskiyou, Sonoma, Tehama and Trinity.

District No. 5. All of Butte County.

District No. 6. All of Yuba County.

District No. 7. The counties of Fresno, Kern, Kings, Madera Merced, San Benito, San Joaquin, Santa Clara, Tulare and all other counties not included in Districts 1, 2, 3, 4, 5 and 6.

(b) *Voting procedures*—(1) *Independent producers.* Prior to March 8 of each election year, the Committee shall cause a meeting to be held, in each of the election districts established pursuant to § 993.28(a) for the purpose of obtaining names of proposed candidates for nomination to the Secretary for selection as members and alternate members for the respective dis-

tricts. Each such candidate must be a producer in the district for which he is proposed. Prior to March 15 of that election year, the Committee shall prepare for each district and mail to each independent producer of record in such district a ballot as prescribed in § 993.28(a). Each voter shall be entitled to cast only one vote for a member nominee and only one vote for an alternate member nominee in a district in which he is a producer, and no voter shall vote for candidates in more than one district. In case he is a producer in more than one district he shall elect in which of such districts he will vote and notify the Committee as to his choice. In order to be counted, such a mail ballot must be executed and returned to the Committee postmarked not later than the following March 31. One nominee for member and one nominee for alternate member for each district shall be submitted to the Secretary by the Committee on the basis of those receiving the plurality of the mail ballots cast for the respective positions in the particular district. Returns shall be considered in light of the voting by each district separately.

(2) *Independent handler nominees.* (i) Prior to March 15 of each election year, the Committee shall notify each independent handler of record of the group of independent handlers in which he has been classified pursuant to the provisions of § 993.28(c) and of the number of independent handler positions on the Committee for the ensuing term of office pursuant to the provisions of § 993.24 (b) and (c). Prior to April 1 of each election year, each of the two independent handlers classified in the group specified in § 993.28(c)(1) shall notify the Committee in writing of his nominee for member and nominee for alternate member as prescribed therein.

(ii) In any election year in which four member positions and four alternate member positions are assigned to independent handlers for the ensuing term of office, the Committee shall, prior to April 1 of such year, cause to be held a meeting of the three independent handlers classified in the group specified in § 993.28(c)(2) and a separate meeting of all other independent handlers classified in the group specified in

§ 993.28(c)(3). Each group at its meeting shall, from among that group, elect one member nominee and one alternate member nominee by plurality vote. Each handler present at the meeting of his group shall be entitled to one vote for a candidate for each position assigned to that group.

(iii) In any election year in which only three member positions and three alternate member positions are assigned to independent handlers for the ensuing term of office, the Committee shall, prior to April 1 thereof, cause to be held a meeting of all independent handlers except those classified in the group specified in § 993.28(c)(1). At such meeting one member nominee and one alternate member nominee shall be elected in accordance with the applicable provisions of § 993.28(c).

[47 FR 7389, Feb. 19, 1982, as amended at 55 FR 5571, Feb. 16, 1990; 59 FR 8518, Feb. 23, 1994; 64 FR 72912, Dec. 29, 1999]

GRADE AND SIZE REGULATIONS

§ 993.149 Receiving of prunes by handlers.

(a) *Receiving stations*—(1) *General*. Prunes shall be received by a handler at any receiving station so designated by the Committee. *Receiving station* shall mean any plant of a handler or a dehydrator's premises; this term shall also mean any other place where prunes are normally and usually received by a handler in any considerable volume as ranch deliveries, and at which there are adequate facilities to enable the inspection service to determine whether the prunes meet the applicable grade, size, and condition requirements.

(2) *Receiving at dehydrator*. Any handler may arrange with the committee and the inspection service for the incoming inspection and certification to be based on samples of prunes drawn as prune plums and dehydrated in the same manner as the prunes to which they are referable. Where such arrangement is acceptable to the Committee as permitting the inspection and certification of the prunes to be comparable to an inspection and certification when based on samples drawn as prunes, such certification shall be acceptable for the purposes of this sec-

tion if the inspector further certifies that the dehydration process of the prunes being certified resulted in prunes eligible to be received under the terms and conditions of this part.

(b) *Inspection stations*. Prunes shall be inspected only at inspection stations established by the inspection service with the concurrence of the Committee. *Inspection station* shall mean a centralized station and any receiving station other than a handler's plant or a dehydrator's premises.

(c) *Incoming inspection*—(1) *General*. Upon any producer or dehydrator delivering prunes to a handler, the handler shall issue to the inspection service an identification tag showing the name and address of such producer or dehydrator, the date of delivery, the county of production, the number and type of containers, the approximate net weight of the prunes, the place where the prunes are to be inspected, and any other information necessary to identify such prunes to the satisfaction of the inspector and the Committee. For each such delivery, the handler shall issue to the producer or dehydrator a door receipt or weight certificate showing the name and address of the producer or dehydrator, the weight of the delivery, and any other information necessary to identify the delivery. Such information shall be available to the inspector and the Committee. Each lot shall be sampled separately and as soon as practicable following delivery. The handler shall supply any necessary information together with any assistance needed by the inspector in drawing samples including the dumping of containers.

(2) *Certification*. Following inspection of a lot not returned to the producer or dehydrator, the handler shall require the inspection service to issue, in quintuplicate, a certificate containing at least the following information: (i) The place where samples were drawn and the date and place of inspection; (ii) the name and address of the producer or dehydrator, the handler, and the inspection service; (iii) the variety of the prunes, the county in which such prunes were produced, the number and type of the containers thereof, the net weight of the prunes as shown on the
