§ 161.3, Nt.

Forms, records, and reports; tags, bands, or other identification devices; and approved digital signature capabilities used in his or her work as an accredited veterinarian and shall take reasonable care to prevent the misuse thereof. An accredited veterinarian shall immediately report to the Veterinarian-in-Charge the loss, theft, or deliberate or accidental misuse of any such certificate, form, record, or report; tag, band, or other identification device; or approved digital signature capability.

(k) An accredited veterinarian may issue an origin health certificate for export use pursuant to paragraph 91 of appendix A if the Veterinarian-in-Charge has determined that such action is necessary to save time in order to meet an exportation schedule and agrees to add the test results to the certificate at a later time. In such cases, the accredited veterinarian shall state on a removable attachment to the certificate that such test results are to be added by the Veterinarian-in-Charge.

EFFECTIVE DATE NOTE: At 74 FR 65011, Dec. 9, 2009, §161.3 was redesignated as §161.4 and a new §161.3 was added, effective Feb. 1, 2010. For the convenience of the user, the added text is set forth as follows:

§ 161.3 Renewal of accreditation.

(a) Accredited veterinarians who wish to continue participating in the National Veterinary Accreditation Program must renew their accreditation every 3 years by completing an application for accreditation renewal and submitting it to APHIS. Newly accredited veterinarians must renew their accreditation within 3 years of completing the orientation program described in §161.1(e)(4) of this part, regardless of when their accreditation was granted. Other veterinarians must renew their accreditation within 3 years of the previous renewal.

(b) Accredited veterinarians who wish to renew their accreditation under Category I must complete 3 supplemental training units approved by APHIS by the end of their 3-year tenure as an accredited veterinarian. Accredited veterinarians who wish to renew their accreditation under Category II must complete 6 supplemental training units approved by APHIS by the end of their 3-year tenure as an accredited veterinarian. Accredited veterinarians who wish to change the category in which they are accredited, rather than renew accreditation in their current accreditation category, should follow the procedure in §161.1(c) of this part.

(c) Accredited veterinarians who do not complete the required training within 3 years as specified in paragraph (a) of this section will have their accredited status expire. Veterinarians whose accreditation has expired will not be allowed to perform accredited duties until they receive notification of their reinstatement from APHIS. Veterinarians who perform duties that only accredited veterinarians are authorized to perform while their accredited status has expired will be subject to such criminal and civil penalties as are provided by the Animal Health Protection Act (7 U.S.C. 8001 et seq.) or other applicable Federal statutes or regulations. To be reinstated, the veterinarian must complete the necessary supplemental training units for the appropriate category and submit an application for renewal of veterinary accreditation to APHIS. A veterinarian who allows his or her accredited status to expire must have completed the required number of supplemental training units within 3 years of his or her application for renewal in order to be approved for renewal. Supplemental training units completed since the veterinarian’s last renewal but more than 3 years before the veterinarian’s application for renewal will not count towards fulfilling his or her training requirement.

(d) Veterinarians who are accredited as of February 1, 2010, may continue to perform accredited duties between February 1, 2010, and the date of their first renewal. APHIS will provide notice for 3 months to accredited veterinarians who are accredited as of February 1, 2010, to notify them that they must elect to participate in the NVAP as a Category I or Category II veterinarian. Veterinarians must elect to continue to participate within 3 months of the end of the notification period, or their accredited status will expire. When APHIS receives notice from an accredited veterinarian that he or she elects to participate, APHIS will notify the accredited veterinarian of his or her date for first renewal. The accredited veterinarian must then complete all the training requirements for renewal, as described in this section, by his or her first renewal date.

(Approved by the Office of Management and Budget under control number 0579–0297)

§ 161.4 Suspension or revocation of veterinary accreditation; criminal and civil penalties.

(a) The Administrator is authorized to suspend for a given period of time,
or to revoke, the accreditation of a veterinarian when he or she determines that the accredited veterinarian has not complied with the “Standards for Accredited Veterinarian Duties” as set forth in §161.3 of this part, or, in lieu thereof, to issue a written notice of warning to the accredited veterinarian when the Administrator determines a notice of warning will be adequate to attain compliance with the Standards.

(b) Accreditation shall be automatically terminated when an accredited veterinarian is not licensed or legally able to practice veterinary medicine in at least one State.

(c) Accreditation shall be automatically revoked when an accredited veterinarian is convicted of a crime in either State or Federal court, if such conviction is based on the performance or nonperformance of any act required of the veterinarian in his or her capacity as an accredited veterinarian.

(d) Any accredited veterinarian who knowingly issues or signs a false, incorrect, or mislabeled animal health or inspection certificate, blood sample, official brucellosis vaccination certificate, or official tuberculin test certificate in accordance with this chapter, shall be subject to such civil penalties and such criminal liabilities as are provided by 7 U.S.C. 8313, 18 U.S.C. 1001, or other applicable Federal statutes. Such action may be in addition to, or in lieu of, suspension or revocation of accredited veterinarian status in accordance with this section.

EFFECTIVE DATE NOTE: At 74 FR 65011, Dec. 9, 2009, §161.4 was redesignated as §161.6 and at 74 FR 65012, Dec. 9, 2009, newly redesignated §161.6 was amended by revising the section heading and paragraph (a); by redesignating paragraphs (b), (c), and (d) as paragraphs (d), (e), and (f), respectively; and by adding new paragraphs (b), (c), and (g), effective Feb. 1, 2010. For the convenience of the user, the added and revised text is set forth as follows:

§ 161.4, NI.

Animal and Plant Health Inspection Service, USDA

§ 161.4, NI.

§ 161.6 Suspension or revocation of veterinary accreditation and reaccreditation; criminal and civil penalties.

(a) The Administrator is authorized to suspend for a given period of time, or to revoke, the accreditation of a veterinarian when he or she determines that the accredited veterinarian has not complied with the “Standards for Accredited Veterinarian Duties” as set forth in §161.4 of this part or with any of the other regulations in this subchapter, or is otherwise found to be unfit to be accredited. Veterinarians who perform duties that only accredited veterinarians are authorized to perform while their accredited status is suspended or revoked will be subject to such criminal and civil penalties as are provided by the Animal Health Protection Act (7 U.S.C. 8301 et seq.) or other applicable Federal statutes or regulations. Performing accredited duties while accreditation status is suspended or revoked will be considered grounds for the Administrator to suspend accreditation, revoke accreditation, or deny application for reaccreditation, as circumstances warrant. A veterinarian whose accreditation has been suspended or revoked or whose application for reaccreditation has been denied may request a hearing under §162.13 to challenge the Administrator’s decision.

(b) Reinstatement after suspension. A veterinarian whose accreditation has been suspended for less than 6 months (other than a summary suspension that is changed to a revocation as a result of an adjudicatory proceeding) will be automatically reinstated as an accredited veterinarian upon completion of the suspension. A veterinarian whose accreditation has been suspended for 6 months or more must complete a reaccreditation orientation program in accordance with paragraph (c)(2)(ii) of this section before accreditation will be reinstated.

(c) Reaccreditation after revocation. A veterinarian whose accreditation has been revoked may apply for reaccreditation by completing an application for reaccreditation and submitting it to the Veterinarian-in-Charge of the State or area where he or she wishes to perform accredited work. The application may be submitted when the revocation has been in effect for not less than 2 years, unless the revocation order specifies that the veterinarian whose accreditation has been revoked may not submit an application for reaccreditation until the revocation has been in effect for a period of time longer than 2 years.

1. Completed applications for reaccreditation received by a Veterinarian-in-Charge shall be reviewed by the State Animal Health Official for the State in which the veterinarian wishes to perform accredited duties. Within 14 days after receiving an application, the State Animal Health Official shall either endorse the application or send a written statement to the Administrator explaining why it was not endorsed; but if the State Animal Health Official fails to take one of these actions within 14 days, the Veterinarian-in-Charge shall proceed to review
§ 161.5 Specialization.

An accreditation specialization recognized by the Administrator may be granted to an accredited veterinarian upon completion of an orientation or training program approved by APHIS. For certain accredited specializations, the cost of orientation or training may be borne by the accredited veterinarian. An accredited veterinarian granted an accreditation specialization will be referred to as a qualified accredited veterinarian or QAV. A QAV will be authorized to perform those activities and functions specifically provided for elsewhere in this chapter, for example, in part 149.

[73 FR 60488, Oct. 10, 2008]

Effective Date Note: At 74 FR 65012, Dec. 9, 2009, §161.5 was revised, effective Feb. 1, 2010. For the convenience of the user, the revised text is set forth as follows:

§ 161.5 Program certifications.

A program certification recognized by the Administrator may be granted to an accredited veterinarian in Category H upon completion of an additional orientation or training program approved by APHIS that focuses on the specific area for which the veterinarian is seeking program certification. Veterinarians accredited under Category I are not eligible to earn program certifications. Accredited veterinarians may elect to participate in a program certification on a voluntary basis. Participants in these program certifications will be qualified in a particular area or specialty. In addition to Category II training, qualification for a program
