

§ 93.902

9 CFR Ch. I (1–1–10 Edition)

(v) The holding facility must comply with all applicable local, State and Federal requirements for environmental quality.

(vi) The holding facility must comply with any additional requirements that may be imposed by the Administrator for a particular shipment if necessary to prevent the dissemination of disease.

(Approved by the Office of Management and Budget under control number 0579–0301)

[71 FR 51435, Aug. 30, 2006; 71 FR 54552, Sept. 15, 2006]

§ 93.902 Ports designated for the importation of live fish, fertilized eggs, and gametes.

(a) The following ports are designated as ports of entry for live fish, fertilized eggs, and gametes of SVC-susceptible species imported under this subpart:

(1) *Air and ocean ports.* Los Angeles and San Francisco, CA; Miami and Tampa, FL; Atlanta, GA; Honolulu, HI; Chicago, IL; Boston, MA; Newark, NJ; New York, NY; Portland, OR; Dallas-Ft. Worth, TX; and San Juan, PR.

(2) *Canadian border ports.* Detroit, MI; Buffalo-Niagara, NY; and Blaine and Seattle, WA.

(3) *Mexican border ports.* Otay Mesa, CA.

(b) *Designation of other ports.* Other ports may be designated by the Administrator in specific cases with the concurrence of the Secretary of the Department of Homeland Security.

§ 93.903 Import permits for live fish, fertilized eggs, and gametes.

(a) Live fish, fertilized eggs, or gametes of SVC-susceptible species imported into the United States must be accompanied by an import permit issued by APHIS and must be imported within 30 days after the proposed date of arrival stated in the import permit.

(b) An application for an import permit must be submitted for each shipment of live fish, fertilized eggs, or gametes of SVC-susceptible species to the Animal and Plant Health Inspection Service, Veterinary Services, National Center for Import and Export, 4700 River Road Unit 38, Riverdale, MD 20737–1231. Application forms for im-

port permits may be obtained from this address.

(c) A completed application shall include the following information:

(1) The name and address of the person intending to export live fish, fertilized eggs, or gametes of SVC-susceptible species to the United States;

(2) The proposed date of shipment to the United States;

(3) The name and address of the person intending to import live fish, fertilized eggs, or gametes of SVC-susceptible species into the United States;

(4) The species and number of live fish, fertilized eggs, or gametes of SVC-susceptible species to be imported into the United States;

(5) The purpose of the importation;

(6) The port of embarkation;

(7) The mode of transportation;

(8) The route of travel, including all carrier stops en route;

(9) The port of entry in the United States;

(10) The proposed date of arrival in the United States; and

(11) The name and address of the person to whom the live fish, fertilized eggs, or gametes of SVC-susceptible species will be delivered in the United States.

(d) If APHIS determines that the live fish, fertilized eggs, or gametes are eligible for importation, APHIS will issue an import permit indicating the applicable conditions for importation. An import permit does not guarantee that any live fish, fertilized eggs, or gametes will be allowed entry into the United States; the fish, fertilized eggs, or gametes will be allowed to enter the United States only if they meet all applicable requirements of the permit and regulations.

(Approved by the Office of Management and Budget under control number 0579–0301)

§ 93.904 Health certificate for live fish, fertilized eggs, and gametes.

(a) *General.* All live fish, fertilized eggs, and gametes of SVC-susceptible species that are imported from any region of the world must be accompanied by a health certificate issued by a full-time salaried veterinarian of the national government of the exporting region, or issued by a certifying official
