(b) Corporate credit union shares or deposits. A Federal credit union may purchase shares or deposits in a corporate credit union, except where the NCUA Board has notified it that the corporate credit union is not operating in compliance with part 704 of this chapter. A Federal credit union’s aggregate amount of perpetual and nonperpetual capital, as defined in part 704 of this chapter, in one corporate credit union is limited to two percent of the federal credit union’s assets measured at the time of investment or adjustment. A Federal credit union’s aggregate amount of contributed capital in all corporate credit unions is limited to four percent of assets measured at the time of investment or adjustment.

§ 703.15 Prohibited investment activities.

Adjusted trading or short sales. A Federal credit union may not engage in adjusted trading or short sales.

§ 703.16 Prohibited investments.

(a) Derivatives. A Federal credit union may not purchase or sell financial derivatives, such as futures, options, interest rate swaps, or forward rate swaps. This prohibition does not apply to:

(1) Any derivatives permitted under §§701.23(i) and 703.14(g) of this chapter;

(2) Embedded options not required under GAAP to be accounted for separately from the host contract; and

(3) Interest rate lock commitments or forward sales commitments made in connection with a loan originated by the Federal credit union.

(b) Zero coupon investments. A Federal credit union may not purchase a zero coupon investment with a maturity date that is more than 10 years from the settlement date;

(c) Mortgage servicing rights. A Federal credit union may not purchase mortgage servicing rights as an investment but may perform mortgage servicing functions as a financial service for a member as long as the mortgage loan is owned by a member;

(d) A Federal credit union may not purchase a commercial mortgage related security that is not otherwise permitted by Section 107(7)(E) of the Act; and

(e) Stripped mortgage backed securities (SMBS). A Federal credit union may not invest in SMBS or securities that represent interests in SMBS except as described in paragraphs (1) and (3) below:

(1) A Federal credit union may invest in and hold exchangeable collateralized mortgage obligations (exchangeable CMOs) representing beneficial ownership interests in one or more interest-only classes of a CMO (IO CMOs) or principal-only classes of a CMO (PO CMOs), but only if:

(i) At the time of purchase, the ratio of the market price to the remaining principal balance is between .8 and 1.2, meaning that the discount or premium of the market price to par must be less than 20 points;

(ii) The offering circular or other official information available at the time of purchase indicates that the notional principal on each underlying IO CMO should decline at the same rate as the principal on one or more of the underlying non-IO CMOs, and that the principal on each underlying PO CMO should decline at the same rate as the principal, or notional principal, on one or more of the underlying non-PO CMOs; and

(iii) The credit union staff has the expertise dealing with exchangeable CMOs to apply the conditions in paragraphs (e)(1)(i) and (e)(1)(ii) of this section.

(2) A Federal credit union that invests in an exchangeable CMO may exercise the exchange option only if all of the underlying CMOs are permissible investments for that credit union.

(3) A Federal credit union may accept an exchangeable CMO representing beneficial ownership interests in one or more IO CMOs or PO CMOs as an asset associated with an investment repurchase transaction or as collateral in a securities lending transaction. When the exchangeable CMO is associated with one of these two transactions, it need not conform to the conditions in
§ 703.17 Conflicts of interest.

(a) A Federal credit union’s officials and senior management employees, and their immediate family members, may not receive anything of value in connection with its investment transactions. This prohibition also applies to any other employee, such as an investment officer, if the employee is directly involved in investments, unless the Federal credit union’s board of directors determines that the employee’s involvement does not present a conflict of interest. This prohibition does not include compensation for employees.

(b) A Federal credit union’s officials and employees must conduct all transactions with business associates or family members that are not specifically prohibited by paragraph (a) of this section at arm’s length and in the Federal credit union’s best interest.

§ 703.18 Grandfathered investments.

(a) Subject to safety and soundness considerations, a Federal credit union may hold a CMO/REMIC residual, stripped mortgage-backed securities, or zero coupon security with a maturity greater than 10 years, if it purchased the investment:

(1) Before December 2, 1991; or

(2) On or after December 2, 1991, but before January 1, 1998, if for the purpose of reducing interest rate risk and if the Federal credit union meets the following:

(i) The Federal credit union has a monitoring and reporting system in place that provides the documentation necessary to evaluate the expected and actual performance of the investment under different interest rate scenarios;

(ii) The Federal credit union uses the monitoring and reporting system to conduct and document an analysis that shows, before purchase, that the proposed investment will reduce its interest rate risk;

(iii) After purchase, the Federal credit union evaluates the investment at least quarterly to determine whether or not it actually has reduced the interest rate risk; and

(iv) The Federal credit union accounts for the investment consistent with generally accepted accounting principles.

(b) All grandfathered investments are subject to the valuation and monitoring requirements of §§ 703.10, 703.11, and 703.12 of this part.

§ 703.19 Investment pilot program.

(a) Under the investment pilot program, NCUA will permit a limited number of Federal credit unions to engage in investment activities prohibited by this part but permitted by the Act.

(b) Except as provided in paragraph (c) of this section, before a Federal credit union may engage in additional activities it must obtain written approval from NCUA. To obtain approval, a Federal credit union must submit a request to its regional director that addresses the following items:

(1) Certification that the Federal credit union is “well-capitalized” under part 702 of this chapter;

(2) Board policies approving the activities and establishing limits on them;

(3) A complete description of the activities, with specific examples of how they will benefit the Federal credit union and how they will be conducted;

(4) A demonstration of how the activities will affect the Federal credit union’s financial performance, risk profile, and asset-liability management strategies;

(5) Examples of reports the Federal credit union will generate to monitor the activities;

(6) Projections of the associated costs of the activities, including personnel, computer, audit, and so forth;

(7) Descriptions of the internal systems that will measure, monitor, and report the activities;

(8) Qualifications of the staff and officials responsible for implementing and overseeing the activities; and
