§ 1102.104 Special procedure: Medical records.

(a) Statement of physician or mental health professional. When an individual requests access to records pertaining to the individual that include medical and/or psychological information, the ASC, if it deems it necessary under the particular circumstances, may require the individual to submit with the request a signed statement by the individual’s physician or a mental health professional indicating that, in his or her opinion, disclosure of the requested records or information directly to the individual will not have an adverse effect on the individual.

(b) Designation of physician or mental health professional to receive records. If the ASC believes, in good faith, that disclosure of medical and/or psychological information, directly to an individual could have an adverse effect on that individual, the individual may be asked to designate in writing a physician or mental health professional to whom the individual would like the records to be disclosed, and disclosure that otherwise would be made to the individual will instead be made to the designated physician or mental health professional.

§ 1102.105 Requests for amendment of records.

(a) Place to make requests. A request by an individual to amend records pertaining to him or her may be made in person during normal business hours at the ASC located at 2000 K Street, NW., Suite 310, Washington, DC, or by mail addressed to the Privacy Act Officer, ASC, 1401 H Street, NW., Suite 760, Washington, DC 20005.

(1) Information to be included in requests. Each request to amend an ASC record shall reasonably describe the record sought to be amended. Such description should include, for example, relevant names, dates and subject matter to permit the record to be located among the records maintained by the ASC. An individual who has requested that a record pertaining to the individual be amended will be advised promptly if the record cannot be located on the basis of the description given and that further identifying information is necessary before the request can be processed. An initial evaluation of a request presented in person will be made immediately to ensure that the request is complete and to indicate what, if any, additional information will be required. Verification of the individual's identity as set forth in §1102.102(a) (2), (3), (4) and (5) may also be required.

(2) Basis for amendment. An individual requesting an amendment to a record pertaining to the individual shall specify the substance of the amendment and set forth facts and provide such materials that would support his or her contention that the record as maintained by the ASC is not accurate, timely or complete, or that the record is not necessary and relevant to accomplish a statutory purpose of the ASC as authorized by law or by Executive Order of the President.
