§107.1400 Dividends or partnership distributions on 4 percent Preferred Securities.

If you issued Preferred Securities to SBA on or after November 21, 1989, you must pay SBA a dividend or partnership distribution of 4 percent per year, from the date you issued Preferred Securities to the date you repay them, both inclusive. The dividend or partnership distribution is:

(a) Computed on the par value of the outstanding stock or the face value of the outstanding limited partnership interest.

(b) Cumulative. This means that if you do not pay the entire dividend or partnership distribution for a given fiscal year, the unpaid balance accumulates as a distribution in arrears. You do not have to pay interest on distributions in arrears.

(c) Preferred. This means that you must pay SBA in full (including distributions in arrears) before setting aside or paying any amount to any other equity holder.

(d) Payable at the discretion of your Board of Directors or General Partner(s), except that all distributions in arrears must be paid in full when you redeem the Preferred Securities.
