Subpart A—Policies Applying to All Business Loans

ELIGIBILITY REQUIREMENTS

§ 120.100 What are the basic eligibility requirements for all applicants for SBA business loans?

To be eligible for an SBA business loan, a small business applicant must:

- (a) Be an operating business (except for loans to Eligible Passive Companies);
- (b) Be organized for profit;
- (c) Be located in the United States;
- (d) Be small under the size requirements of part 121 of this chapter (including affiliates). See subpart H of this part for the size standards of part 121 of this chapter which apply only to 504 loans; and
- (e) Be able to demonstrate a need for the desired credit.

§ 120.101 Credit not available elsewhere.

SBA provides business loan assistance only to applicants for whom the desired credit is not otherwise available on reasonable terms from non-Federal sources. SBA requires the Lender or CDC to certify or otherwise show that the desired credit is unavailable to the applicant on reasonable terms and conditions from non-Federal sources without SBA assistance, taking into consideration the prevailing rates and terms in the community in or near where the applicant conducts business, for similar purposes and periods of time. Submission of an application to SBA by a Lender or CDC constitutes certification by the Lender or CDC that it has examined the availability of credit to the applicant, has based its certification upon that examination, and has substantiation in its file to support the certification.

§ 120.102 Funds not available from alternative sources, including personal resources of principals.

- (a) An applicant for a business loan must show that the desired funds are not available from the personal resources of any owner of 20 percent or more of the equity of the applicant.
