§ 123.20 How long do I have to request an increase in the amount of a physical disaster loan or an economic injury loan?

You should request a loan increase as soon as possible after you discover the need for the increase, but not later than two years after SBA approved your physical disaster or economic injury loan. After two years, the SBA Associate Administrator for Disaster Assistance (AA/DA) may waive this limitation after finding extraordinary and unforeseeable circumstances.

§ 123.21 What is a mitigation measure?

A mitigation measure is something done for the purpose of protecting real and personal property against disaster related damage. You may implement mitigation measures after a disaster occurs (post-disaster) to protect against recurring disaster related damage, or before a disaster occurs (pre-disaster) to protect against future disaster related damage. Examples of mitigation measures include building retaining walls, sea walls, grading and contouring land, elevating flood prone structures, relocating utilities, or retrofitting structures to protect against high winds, earthquakes, flood, wildfires, or other physical disasters. Section 123.107 specifically addresses post-disaster mitigation for home disaster loans, and § 123.204 specifically addresses post-disaster mitigation for businesses. Sections 123.400 through 123.412 specifically address pre-disaster mitigation.

(1) Own and occupy your primary residence and have suffered a physical loss to your primary residence, personal property, or both; or

(2) Do not own your primary residence, but have suffered a physical loss to your personal property. Family members sharing a residence are eligible if they are not dependents of the owners of the residence.
