§ 1214.802 Relationship to Shuttle policy.

Except as specifically noted, the provisions of the Shuttle policy also apply to Spacelab payloads. Although some language in the Shuttle policy is Shuttle-specific, it is the intent of this subpart 1214.8 that the Shuttle policy be applied to Spacelab also, including the policy on patent and data rights. However, in the event of any inconsistencies in the policies, the Spacelab policy will govern with respect to Spacelab services.

§ 1214.803 Reimbursement policy.

(a) Reimbursement basis. (1) This policy is established for the second phase of STS operations (U.S. Government fiscal years 1986, 1987, and 1988).
(2) Standard flight price. During this phase, customers covered by subpart 1214.1 or subpart 1214.2 shall reimburse NASA for standard Spacelab services an amount which is a pro rata share of:
(i) The appropriate dedicated flight price for the customer’s Spacelab mission.
(ii) The standard price for use of the selected Spacelab elements during the second phase of STS operations.
(3) The price shall be held constant for flights during this phase of STS operations.
(4) Reimbursement policies for subsequent phases of STS operations will be developed after NASA has obtained more operational experience.
(b) Escalation. Payments shall be escalated in accordance with the Shuttle policy.
(c) Postponement and termination. (1) A customer may postpone the flight of a Spacelab payload one time with no additional charge if postponement occurs more than 18 months before the scheduled launch date.
(2) Postponement or termination fees for Spacelab payloads shall consist of:
(i) A fee for Shuttle transportation.
(ii) A fee for use of the Spacelab elements.
(3) Shuttle transportation fee. Customers shall be governed by the provisions of the Shuttle policy with the following exception. When computing occupancy fees for shared-element payloads, the “adjusted reimbursements from other customers” shall be defined as the adjusted reimbursements from those customers who subsequently contract for the use of the element being shared.
