§ 134.23 Containers or holders designed for or capable of reuse.

(a) Usual and ordinary reusable containers or holders. Except for goods of a NAFTA country which are usual containers, containers or holders designed for or capable of reuse after the contents have been consumed, whether imported full or empty, must be individually marked to indicate the country of their own origin with a marking such as, “Container Made in (name of country).” Examples of the containers or holders contemplated are heavy duty steel drums, tanks, and other similar shipping, storage, transportation containers or holders capable of reuse. These containers or holders are subject to the treatment specified in General Rule of Interpretation 5(b), Harmonized Tariff Schedule of the United States (19 U.S.C. 1202).

(b) Other reusable containers or holders. Containers or holders which give the whole importation its essential character, as described in General Rule of Interpretation 5(a) (19 U.S.C. 1202), must be individually marked to clearly indicate their own origin with a marking such as, “Container made in (name of country).” Examples of the containers contemplated are mustard jars reusable as beer mugs; shaving soap containers reusable as shaving mugs; fancy cologne bottles reusable as flower vases, and other containers which have a lasting value or decorative use.

§ 134.24 Containers or holders not designed for or capable of reuse.

(a) Containers ordinarily discarded after use. Disposable containers or holders subject to the provisions of this section are the usual ordinary types of containers or holders, including cans, bottles, paper or polyethylene bags, paperboard boxes, and similar containers or holders which are ordinarily discarded after the contents have been consumed.

(b) Imported empty. Disposable containers or holders imported for distribution or sale are subject to treatment as imported articles in accordance with the Harmonized Tariff Schedule of the United States (19 U.S.C. 1202), and shall be marked to indicate clearly the country of their own origin. However, when the containers are packed and sold in multiple units (dozens, gross, etc.), this requirement ordinarily may be met by marking the outermost container which reaches the ultimate purchaser.

(c) Imported to be filled—(1) If unmarked. When disposable containers or holders or usual containers which are goods of a NAFTA country are imported by persons or firms who fill or package them with various products which they sell, these persons or firms are the “ultimate purchasers” of these containers or holders or usual containers which are goods of a NAFTA country and they may be excepted from individual marking pursuant to 19
