§ 404.1216 Modification of agreement to correct an error.

(a) General. If an agreement or modification contains an error, the State may correct the error by a subsequent modification to the agreement. For example, the agreement or modification incorrectly lists a covered service as an optionally excluded service or shows an improper effective date of coverage. In correcting this type of error, which affects the extent of coverage, the State must submit a modification along with evidence to establish that the error occurred. However, a modification is not needed to correct minor typographical or clerical errors. For example, an agreement or modification incorrectly lists School District No. 12 as School District No. 13. This type of error can be corrected based on a written request from the appropriate official of the State or interstate instrumentality.

(b) Correction of errors involving erroneous reporting to the IRS—for wages paid prior to 1987. Where a State or political subdivision makes reports and payments to the Internal Revenue Service under the provisions of the Federal Insurance Contributions Act which apply to employees in private employment in the mistaken belief that this action would provide coverage for its employees, the State may provide the desired coverage for those same periods of time by a subsequent modification to its agreement. If State law permits, the State may make that coverage effective with the first day of the first period for which the erroneous reports and payments were made. (In this instance, the limitation on retroactive coverage described in §404.1215(d) is not applicable.) Where the State does not want to provide such retroactive coverage or is not permitted to do so by State law, the State may provide the coverage for the affected coverage group as of a specified date (§404.1215(b)). The coverage would then apply to the services performed by individuals as members of the coverage group.

(1) Who were employees on that date, and
(2) Whose wages were erroneously reported to IRS, and
(3) For whom a refund of FICA taxes has not been obtained at the time the Commissioner.

§ 404.1217 Continuation of coverage.

The coverage of State and local government employees continues as follows:

(a) Absolute coverage group. Generally, the services of an employee covered as a part of an absolute coverage group (see §404.1205) continue to be covered indefinitely. A position covered as a part of an absolute coverage group continues to be covered even if the position later comes under a retirement system. This includes policemen’s and firemen’s positions which are covered with an absolute coverage group.

(b) Retirement system coverage group. Generally, the services of employees in positions covered as a part of a retirement system coverage group continue to be covered indefinitely. For a retirement system coverage group made up of members who chose coverage, a position continues to be covered until it is removed from the retirement system and is no longer occupied by a member who chose coverage or by a new member of the system. Coverage is not terminated because the positions are later covered under additional retirement systems or removed from coverage under a retirement system, or because the retirement system is abolished with respect to the positions. However, if the retirement system has been abolished, newly created or reclassified positions or positions in a newly created political subdivision cannot be covered as a part of the retirement system coverage group. If the retirement system is not abolished, a newly created or reclassified position is a part of the coverage group if the position would have been a part of the group had it existed earlier. If the retirement system coverage group is made up of members who chose coverage, the newly created or reclassified position is a part of the coverage group if it is occupied by a member who chose coverage or by a new member.
