§ 404.2112 Payment for VR services in a case where an individual continues to receive disability payments based on participation in an approved VR program.

Sections 404.1586(g), 404.316(c), 404.337(c), and 404.352(c) explain the criteria we will use in determining if an individual whose disability has ceased should continue to receive disability benefits from us because of his or her continued participation in a VR program. A VR agency or alternate participant can be paid for the cost of VR services provided to an individual if the individual was receiving benefits in a month or months, after October 1984, based on §404.316(c), 404.337(c), or 404.352(c). If this requirement is met, a VR agency or alternate participant can be paid for the costs of VR services provided within the period specified in §404.2115, subject to the other payment and administrative provisions of this subpart.

[55 FR 8455, Mar. 8, 1990]

§ 404.2114 Services for which payment may be made.

(a) General. Payment may be made for VR services provided by a State VR agency in accordance with title I of the Rehabilitation Act of 1973, as amended, or by an alternate participant under a negotiated plan, subject to the limitations and conditions in this subpart. VR services for which payment may be made under this subpart include only those services described in paragraph (b) of this section which are—

(1) Necessary to determine an individual’s eligibility for VR services or the nature and scope of the services to be provided; or

(2) Provided by a State VR agency under an IWRP, or by an alternate participant under a similar document, but only if the services could reasonably be expected to motivate or assist the individual in returning to, or continuing in, SGA.

(b) Specific services. Payment may be made under this subpart only for the following VR services:

(1) An assessment for determining an individual's eligibility for VR services and vocational rehabilitation needs by qualified personnel, including, if appropriate, an assessment by personnel skilled in rehabilitation technology, and which includes determining—

(i) The nature and extent of the physical or mental impairment(s) and the resultant impact on the individual’s employability;

(ii) The likelihood that an individual will benefit from vocational rehabilitation services in terms of employability; and

(iii) An employment goal consistent with the capacities of the individual and employment opportunities;

(2) Counseling and guidance, including personal adjustment counseling, and those referrals and other services necessary to help an individual secure needed services from other agencies;

(3) Physical and mental restoration services necessary to correct or substantially modify a physical or mental condition which is stable or slowly progressive and which constitutes an impediment to suitable employment at or above the SGA level;
