§ 1314.25 Requirements for retail transactions.

(a) Each regulated seller must ensure that sales of a scheduled listed chemical product at retail are made in accordance with this section and §1314.30.

(b) The regulated seller must place the product so that customers do not have direct access to the product before the sale is made (in this paragraph referred to as "behind-the-counter" placement). For purposes of this paragraph, a behind-the-counter placement of a product includes circumstances in which the product is stored in a locked cabinet that is located in an area of the facility where customers do have direct access. Mobile retail vendors must place the product in a locked cabinet.

(c) The regulated seller must deliver the product directly into the custody of the purchaser.

§ 1314.30 Recordkeeping for retail transactions.

(a)(1) Except for purchase by an individual of a single sales package containing not more than 60 milligrams of pseudoephedrine, the regulated seller must maintain, in accordance with criteria issued by the Administrator, a written or electronic list of each scheduled listed chemical product sale that identifies the products by name, the quantity sold, the names and addresses of the purchasers, and the dates and times of the sales (referred to as the "logbook"). The logbook may be maintained on paper or in electronic form.

(2) Effective November 27, 2006, if a logbook is maintained on paper, it must be created and maintained in a bound record book.

The regulated seller may ask the purchaser for their name and address and enter information if it is not feasible for the purchaser to enter the information electronically.

(d) The regulated seller must determine that the name entered in the logbook corresponds to the name provided on identification presented and that the date and time entered are correct.

(e) The regulated seller must enter in the logbook the name of the product and the quantity sold. Examples of methods of recording the quantity sold include the weight of the product per package and number of packages of each chemical, the cumulative weight of the product for each chemical, or quantity of product by Universal Product Code. These examples do not exclude other methods of displaying the quantity sold. For electronic records, the regulated seller may use a point-of-sale and bar code reader. Such electronic records must be provided pursuant to paragraph (i) of this section in a human readable form such that the requirements of paragraph (a)(1) of this section are satisfied.

(f) The regulated seller must include in the logbook or display by the logbook, the following notice:
