24 CFR Ch. V (4-1-10 Edition)

must coincide with the boundaries of census tracts, as defined in § 599.3 except in the case of Indian reservation areas where the use of census tracts would tend to include areas outside the jurisdiction of the reservation governing body and such body is not making the nomination in concert with another jurisdiction.

Subpart B—Eligibility Requirements for Nomination of Renewal Communities

§ 599.101 Eligibility to submit nominations.

(a) *In general.* Except as provided in paragraph (b) of this section, a nomination for the designation of an area as a Renewal Community must be submitted by one or more local governments and the State or States in which the nominated area is located.

(b) *Nominated areas on Indian reservations.* In the case of a nominated area on an Indian reservation, the reservation governing body (as determined by the Secretary of the Interior) must submit the nomination and shall be treated as being both the State and local governments with respect to the area for purposes of this part.

(c) *Responsible official.* The submission of an application, and any other action required of a nominating government under this part, such as the submission of a certification, must be performed by an official or employee authorized to act on behalf of the government for that purpose.

§ 599.103 Geographic and population requirements for a nominated area.

(a) *Geographic requirements.* A nominated area must meet the following geographic requirements to be eligible for designation as a Renewal Community:

(1) The area must be within the jurisdiction of one or more local governments.

(2) The boundary of the area must be continuous.

(i) The boundary line of the nominated area may be interrupted by jurisdictional boundaries, such as State or county lines, or natural boundaries, such as rivers, as long as the resulting

area is entirely within the boundary line except for the interruptions.

(ii) The nominated area may enclose an area or areas that are excluded from the nominated area, as long as each enclosed area to be excluded is within a continuous boundary line.

(3) The nominated area may be any size, as long as it meets all of the requirements of this part.

(b) *Population requirements*—(1) *In general.* Except as provided in paragraph (b)(2) of this section, a nominated area must have a population of not more than 200,000 and at least:

(i) 4,000 if any portion of the area (other than a nominated rural area) is located within an MA which has a population of 50,000 or greater; or

(ii) 1,000 in any other case.

(2) *Nominated areas on Indian reservations.* A nominated area that is entirely within an Indian reservation (as determined by the Secretary of the Interior) is not subject to the population requirements of paragraph (b)(1) of this section.

§ 599.105 Economic condition requirements for a nominated area.

(a) *Certification for economic requirements.* An official or officials authorized to do so by the nominating State and local governments must certify in writing for HUD's acceptance that the nominated area is an area of pervasive poverty, unemployment, and general distress, and that the nominated area meets the requirements of paragraphs (b), (c) and, in the case of urban areas, paragraph (d) of this section. HUD's acceptance of the certification is subject to a review of data supporting the certification, as provided in paragraph (e) of this section.

(b) *Unemployment requirement.* A nominated area meets the unemployment requirement if the unemployment rate in the nominated area taken as a whole was at least one and one-half times (150% of) the national unemployment rate for the period to which such data relate.

(c) *Poverty requirement.* A nominated area meets the poverty requirement if the poverty rate for each population census tract within the nominated area is at least 20 percent. In the case of a nominated area that is within an In-

dian reservation, and cannot equivalently be described with census tracts, the poverty rate of the nominated area taken as a whole is considered for purposes of making this determination.

(d) *Income requirement for urban areas.* In the case of a nominated urban area, at least 70 percent of the households living in the nominated area must have incomes below 80 percent of the median income of households within the jurisdiction of the local government or governments in which the nominated area is located. The number of households below 80 percent of the median income in each census tract shall be the number of households with incomes below 80 percent of the Household Adjusted Median Family Income (HAMFI) in each census tract as determined by HUD.

(e) *HUD review of supporting data*—(1) *Unemployment, poverty and income.* HUD will review 1990 census data to determine whether to accept a certification that a nominated area meets the requirements of paragraphs (b), (c) and (d) of this section.

(2) *Pervasive poverty, unemployment and general distress*—(i) *Pervasive poverty.* Pervasive poverty is demonstrated by evidence that:

(A) Poverty, as indicated by the number of persons listed as being in poverty in the 1990 Decennial Census, is widespread throughout the nominated area; or

(B) Poverty, as described in paragraph (e)(2)(i)(A) of this section, has become entrenched or intractable over time (through comparison of 1980 and 1990 census data or other relevant evidence).

(ii) *Unemployment.* Unemployment is demonstrated by:

(A) The most recent data available indicating that the annual rate of unemployment for the nominated area is not less than the national annual average rate of unemployment; or

(B) Evidence of especially severe economic conditions, such as military base or plant closings or other conditions that have brought about significant job dislocation within the nominated area.
