(ii) Food preparation and service equipment must be in proper operating condition. The equipment must be adequate for the number of residents in the group home. The unit must contain the following equipment:

(A) A stove or range, and oven;

(B) A refrigerator; and

(C) A kitchen sink with hot and cold running water. The sink must drain into an approvable public or private disposal system.

(iii) There must be adequate facilities and services for the sanitary disposal of food waste and refuse, including facilities for temporary storage where necessary.

(iv) The unit may contain private or common facilities for food preparation and service.

(3) Space and security. (i) The unit must provide adequate space and security for the assisted person.

(ii) The unit must contain a living room, kitchen, dining area, bathroom, and other appropriate social, recreational or community space. The unit must contain at least one bedroom of appropriate size for each two persons.

(iii) Doors and windows that are accessible from outside the unit must be lockable.

(4) Structure and material. (i) The unit must be structurally sound to avoid any threat to the health and safety of the residents, and to protect the residents from the environment.

(ii) Ceilings, walls, and floors must not have any serious defects such as severe bulging or leaning, loose surface materials, severe buckling or noticeable movement under walking stress, missing parts or other significant damage. The roof structure must be firm, and the roof must be weathertight. The exterior or wall structure and exterior wall surface may not have any serious defects such as serious leaning, buckling, sagging, cracks or large holes, loose siding, or other serious damage. The condition and equipment of interior and exterior stairways, halls, porches, walkways, etc., must not present a danger of tripping or falling. Elevators must be maintained in safe operating condition.

(iii) The group home must be accessible to and usable by a resident with disabilities.

(5) Site and neighborhood. The site and neighborhood must be reasonably free from disturbing noises and reverberations and other hazards to the health, safety, and general welfare of the residents. The site and neighborhood may not be subject to serious adverse environmental conditions, natural or man-made, such as dangerous walks or steps, instability, flooding, poor drainage, septic tank back-ups, sewage hazards or mud slides, abnormal air pollution, smoke or dust, excessive noise, vibrations or vehicular traffic, excessive accumulations of trash, vermin or rodent infestation, or fire hazards. The unit must be located in a residential setting.

**SHARED HOUSING**

§ 982.615 Shared housing: Occupancy.

(a) Sharing a unit. An assisted family may reside in shared housing. In shared housing, an assisted family shares a unit with the other resident or residents of the unit. The unit may be a house or an apartment.

(b) Who may share a dwelling unit with assisted family? (1) If approved by the HA, a live-in aide may reside with the family to care for a person with disabilities. The PHA must approve a live-in aide if needed as a reasonable accommodation so that the program is readily accessible to and usable by persons with disabilities in accordance with 24 CFR part 8. See §982.316 concerning occupancy by a live-in aide.

(2) Other persons who are assisted under the tenant-based program, or other persons who are not assisted under the tenant-based program, may reside in a shared housing unit.

(3) The owner of a shared housing unit may reside in the unit. A resident owner may enter into a HAP contract with the PHA. However, housing assistance may not be paid on behalf of an owner. An assisted person may not be related by blood or marriage to a resident owner.
