tax-paid gasoline to produce a partially exempt methanol or ethanol fuel.

(e) Later blending. If a partially exempt methanol or ethanol fuel is blended with other motor fuel in a mixture less than 85 percent of which consists of alcohol, the subsequent sale or use of such blended motor fuel is taxable under the provisions of section 4041(a) or section 4081(a), subject to the requirements, limitations and exemptions of those sections.

(f) Records required to be furnished by the taxpayer. A taxpayer making a return of the tax imposed by chapter 31 indicating payment of the tax under section 4041(m) and § 48.4041–20 at the reduced rate must attach a statement to the return indicating the total number of gallons of partially exempt methanol or ethanol fuel containing at least 85 percent alcohol and the total number of gallons of partially exempt methanol or ethanol fuel containing less than 85 percent alcohol, but qualifying for taxation at the reduced rate under the rules of paragraph (b) of this section. However, the taxpayer does not have to specify the precise mixture ratio of every mixture blended for which tax is being paid.

(g) Effective date. Section 4041(m) applies to sales and uses after July 31, 1984. If methanol or ethanol fuel meeting the requirements of paragraph (b) of this section was put into the tank of a vehicle prior to August 1, 1984, the fuel is considered used prior to that date and is subject to the tax described in paragraph (a) of section 4041.

§ 48.4041–21 Compressed natural gas (CNG).

(a) Delivery of CNG into the fuel supply tank of a motor vehicle or motorboat—(1) Imposition of tax. Tax is imposed on the delivery of compressed natural gas (CNG) into the fuel supply tank of the propulsion engine of a motor vehicle or motorboat unless tax was previously imposed on the CNG under paragraph (b) of this section.

(2) Liability for tax. If the delivery of the CNG is in connection with a sale, the seller of the CNG is liable for the tax imposed under paragraph (a)(1) of this section. If the delivery of the CNG is not in connection with a sale, the operator of the motor vehicle or motorboat, as the case may be, is liable for the tax imposed under paragraph (a)(1) of this section.

(b) Bulk sales of CNG—(1) In general. Tax is imposed on the sale of CNG that is not in connection with the delivery of the CNG into the fuel supply tank of the propulsion engine of a motor vehicle or motorboat if, by the time of the sale—

(i) The buyer has given the seller a written statement stating that the entire quantity of the CNG covered by the statement is for use by the buyer for a taxable use as a fuel in a motor vehicle or motorboat; and

(ii) The seller has given the buyer a written acknowledgement of receipt of the statement described in paragraph (b)(1)(i) of this section.

(2) Liability for tax. The seller of the CNG is liable for the tax imposed under this paragraph (b).

(c) Exemptions—(1) In general. The taxes imposed under this section do not apply to a delivery or sale of CNG for a use described in section 4041(a)(3)(B), (b)(1), (f), (g), or (h). However, if the person otherwise liable for tax under this section is the seller of the CNG, the exemption under this section applies only if, by the time of sale, the seller receives an unexpired certificate (as described in this paragraph (c)) from the buyer and has no reason to believe any information in the certificate is false.

(i) The date one year after the effective date of the certificate (which may be no earlier than the date it is signed).
(ii) The date a new certificate is provided to the seller.
(iii) The date the seller is notified by the Internal Revenue Service or the buyer that the buyer's right to provide a certificate has been withdrawn.

(3) Withdrawal of the right to provide a certificate. The Internal Revenue Service may withdraw the right of a buyer of CNG to provide a certificate under this paragraph (c) if the buyer uses CNG to which a certificate applies in a taxable use. The Internal Revenue Service may notify any seller to whom the buyer has provided a certificate that the buyer's right to provide a certificate has been withdrawn.

(4) Model certificate.

Subpart G—Fuel Used on Inland Waterways

SOURCE: T.D. 7536, 43 FR 13516, Mar. 31, 1978, unless otherwise noted.

§ 48.4042-1 Tax on fuel used in commercial waterway transportation.

(a) In general. Section 4042(a) imposes an excise tax on the use of liquid fuel in the propulsion system of commercial transportation vessels while traveling on certain inland and intracoastal waterways (see § 48.4042-1(f)). The tax applies generally to all types of vessels, including ships, barges, and tugboats. It is in addition to all other taxes imposed on the sale or use of fuel.

(b) Amount of tax. For the amount of tax, see section 4042(b).

(c) Person liable for tax. The person operating the vessel in which the propulsion fuel is consumed is the user of liquid fuel for purposes of section 4042(a). Thus, a person who operates (or whose employees operate) a vessel is responsible for filing returns and paying the tax. If a vessel owner (or lessee) contracts with an independent contractor to operate the vessel, the independent contractor is the user of liquid
