§ 1.148–0 Scope and table of contents.
(a) Overview. Under section 103(a), interest on certain obligations issued by States and local governments is excludable from the gross income of the owners. Section 148 was enacted to minimize the arbitrage benefits from investing gross proceeds of tax-exempt bonds in higher yielding investments and to remove the arbitrage incentives to issue more bonds, to issue bonds earlier, or to leave bonds outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes for which the bonds were issued. To accomplish these purposes, section 148 restricts the direct and indirect investment of bond proceeds in higher yielding investments and requires that certain earnings on higher yielding investments be rebated to the United States. Violation of these provisions causes the bonds in the issue to become arbitrage bonds, the interest on which is not excludable from the gross income of the owners under section 103(a). The regulations in §§1.148–1 through 1.148–11 apply in a manner consistent with these purposes.
(b) Scope. Sections 1.148–1 through 1.148–11 apply generally for purposes of the arbitrage restrictions on State and local bonds under section 148.
