§ 18.51 Processing material.

(a) General. A proprietor may produce processing material or receive processing material produced elsewhere. Fermented processing material may not be used in the manufacture of concentrate. Processing material may be used if it contains no more alcohol than is reasonably unavoidable, and must be used when produced, or as soon thereafter as practicable.

(b) Record of processing material. A proprietor shall maintain a record, by kind and quantity, of processing material used.

§ 18.52 Production of high-proof concentrate.

(a) General. High-proof concentrate may be produced in a concentrate plant. Concentrate having an alcohol content of more than 24 percent by volume that is fit for beverage use may not be produced in a concentrate plant.

(b) Determination. A proprietor shall determine whether a particular concentrate is a high-proof concentrate. However, a proprietor may at any time submit a written request to the appropriate TTB officer for a determination of whether a concentrate is unfit for beverage use. Each request for a determination will include information as to kind, percent alcohol by volume, and fold of the concentrate. The request will be accompanied by a representative 8-ounce sample of the concentrate.

§ 18.53 Use of concentrate.

Concentrate may be used in the manufacture of any product made in the conduct of another business authorized to be conducted on concentrate plant premises under the provisions of § 18.22, if such product contains less than one-half of one percent of alcohol by volume.

§ 18.54 Transfer of concentrate.

(a) Concentrate unfit for beverage use. Concentrate (including high-proof concentrate and concentrate treated as provided in paragraph (c) of this section) unfit for beverage use may be transferred for any purpose authorized by law.

(b) Concentrate fit for beverage use. Concentrate fit for beverage use may be transferred only to a bonded wine cellar. If such concentrate is rendered unfit for beverage use, it may be transferred as provided in paragraph (a) of this section.

(c) Rendering concentrate unfit for beverage use. Concentrate may be rendered unfit for beverage use by reducing the alcohol content to not more than 15 percent alcohol by volume (if the reduction does not result in a concentrate of less than 100-fold), and adding to each gallon thereof, in a quantity sufficient to render the concentrate unfit for beverage use, the following:

(1) Sucrose; or
(2) Concentrated fruit juice, of at least 70 Brix, made from the same kind of fruit as the concentrate; or
(3) Malic, citric, or tartaric acid.

(d) Record of transfer. The proprietor shall record transfers of concentrate (including high-proof concentrate) on a
§ 18.62 Record of transfer.

When concentrate, juice, or fruit mash is transferred from the concentrate plant premises, the proprietor shall prepare, in duplicate, a record of transfer. The record of transfer may consist of a commercial invoice, bill of lading, or any other similar document. The proprietor shall forward the original of the record of transfer to the consignee and retain the copy as a record. Each record of transfer shall show the following information:

(a) Name, registry number, and address of the concentrate plant;
(b) Name and address of the consignee;
(c) Kind (by fruit from which produced) and description of product, e.g. grape concentrate, concentrated grape juice, unconcentrated grape juice, grape mash;
(d) Quantity (in wine gallons); and
(e) Date of transfer.
